ROADS RESTRAINED TO STAY INCREASE

Government Contends Western Lines Have Formed Unlawful Conspiracy.

SHIPPERS GAIN IN FIGHT

Action Taken on Eve of Advance in Rates—Injunction Issued on Petition of Government—Follows Appeal of Western People.

Hannibal, Mo., May 31.—Twenty-five Western railroads were temporarily restrained tonight by United States District Judge David P. Dyer from forcing or making a general advance in inter-state freight rates, scheduled for June 1st. The injunction was granted on a petition filed by the government on the allegations that the advances in rates were agreed on by the defendants without competition and in violation of the Sherman law.

The petition was filed in the United States Circuit Court at St. Louis this afternoon and was brought here by Attorneys Judson and Grosvenor to present to Judge Dyer who is holding a session of the United States Circuit Court. It states that unless such a restraining order be issued the proposed advances will become effective at midnight tonight to the grave harm and injury of the people of the United States.

The petition on which the injunction was issued, was presented to Judge Dyer by Edwin P. Grosvenor, of Washington, special assistant to the Attorney General and Frederick N. Judson, of St. Louis, retained as special counsel. It was signed by George W. Wickersham, Attorney General; William S. Kenyon, assistant to the Attorney General, and Charles A. Youts, United States district attorney.

Among the 25 roads restrained from increasing their freight rates tomorrow the following are the leading roads:

The Missouri Pacific Railway Company; Chicago and Northwestern Railroad Company; Chicago, Rock Island and Pacific Railroad Company; Chicago, Burlington and Quincy Railroad Company; Wabash Railroad Company; Chicago, Milwaukee and St. Paul Railway Company; Illinois Central Railroad Company; Chicago and Alton Railroad Company; Atchison, Topeka and Santa Fe Railroad Company; Chicago Great Western Railway Company; Missouri, Kankas and Texas Railway Company; Chicago, St. Paul, Minneapolis and Omaha Railway Company; Chicago, Milwaukee and Georgia Railway Company; Minneapolis, St. Paul and Sault Ste Marie Railroad Company.

The restraining order was issued on the statement of the counsel for the government that they would immediately by direction of the Attorney General file an expediting certificate under the act of February 11th, 1903, providing for a speedy termination of the issues in contention.

"But for the unlawful combination, conspiracy, agreements and understandings between the defendant railroads," the petition says, "the defendants would have continued in the said inter-state commerce in competition with each other, as to the rates and charges to be collected for the inter-state transportaion of freight and passengers and as to the facilities and advantages to be offered to the traveling public and to shippers of commodities in inter-state commerce, would now be competing in said inter-state transportation, trade and commerce."

The second part of the petition states that on December 6th, 1906, nineteen of the defendants "contrived to suppress all competition between them in respect to fares and charges and unjustly and oppressively to increase rates and charges, and to establish and maintain unreasonable and arbitrary rates which were to be greatly in excess of the rates and charges, which would have prevailed, but for the unlawful combination and conspiracy of the defendants."

The petition alleges that the railroads, intending to monopolize the transportation, traffic, trade and commerce, between the different States, "did combine, conspire, confederate and unlawfully agree to organize and become members in the Western Trunk Line Committee with the purpose and object of using said Western Trunk Line Committee as a means for suppressing all competition between said defendants in the said inter-state transportation, trade and commerce, being carried on by the defendants as aforesaid."

The petition then cites the St. Paul and Des Moines Railroad, the Fort Dodge, Des Moines and Southern Railway, The Elgin, Joliet and Eastern Railroad Company, the Chicago, Milwaukee and Gary Railroad Company, and the Minneapolis, St. Paul and Sault Ste Marie Railroad Company as later becoming members of the Western Trunk Line Committee and parties to the "unlawful combination and conspiracy."

The petition avers that since its formation, the Western Trunk Line Committee, incorporated, with headquarters in Chicago, is the instrument by means of which freight rates have been fixed, applicable to all freight

SENATE CONSENTS TO RATE FEATURE

Cummins' Amendment Included in Administration Railroad Bill.

SENATORS REACH AGREEMENT

Only Acceptable Amendment of Iowa Senator—Early Vote Now Expected—Other Features of Measure Considered.

Washington, May 31.—On the eve of leaving for Iowa to participate in the campaign in that State, Senator Cummins today informed the Senate that as amended the railroad bill would receive his vote, as it would also the votes of the progressive Republican Senators who have stood with him in opposition to the bill as it was prepared by the Attorney General and introduced by Senator Elkins, in behalf of the administration.

The statement was made in a brief speech delivered by himself in support of an amendment placing upon railroad companies the burden of proof in hearings on rate increases. This amendment was accepted by Senator Elkins and became a part of the bill by general consent thus constituting the only amendment presented by the Iowa Senator which has been accepted by the Senate.

Mr. Cummins said that while the bill left much to be desired, he considered it a step forward in railroad legislation. He enumerated the various provisions of the measure, and said that with the exception of the court of commerce sections he considered it in every way desirable legislation.

Aside from the adoption of the Cummins' provision the action of the day consisted in the rejection of Senator Brown's amendment prohibiting the consolidation of competitive railroads. This amendment went out on an adverse vote of 20 to 41.

The principal discussion was over the Brown amendment, and Senator LaFollette's amendment requiring the Inter-state Commerce Commission to make a physical valuation of the railroad. Previous to the vote on the Brown provision speeches were made in opposition to it by Senators Bailey, Clay and others.

Mr. Bailey based his opposition on the ground that the regulation of consolidation should be left largely to the States; and Mr. Clay on the fear that if the subject of consolidation was revived advantage might be taken of the fact to replace many of the objectionable features of sections 7 and 12 in the bill.

Mr. LaFollette formally presented his physical valuation amendments, which he supported in a speech. He said that such a valuation was absolutely necessary as a basis for the fixing of rates. The amendment, he said, met the approval of the Inter-state Commerce Commission and he predicted that if defeated it would not be long until the railroads would be petitioning for its enactment into law.

The amendment was supported by Senators Bailey and Borah and was opposed by Senator Elkins. Mr. Elkins said that it would cost $5,000,000 to make such a valuation as was required and by the time it was finished, another would be necessary.

When, late in the day, it looked as is it would be at least possible to obtain a vote on this amendment Senator Stone took the floor with the intention of delivering a set speech on another amendment which he said he intended to introduce. He refused to yield the floor for a vote. The Senate will meet at 11 o'clock tomorrow.

UNIVERSITY FINALS.

Address by Dr. Chas. Foster Smith. Conferring of Degrees—Notes.

(Special Star Telegram.)

Chapel Hill, N. C., May 3.—Commencement Day of the 115th commencement at the University of North Carolina brought 75 seniors their bachelor diplomas. A large crowd assembled in Memorial Hall to hear the principal address of the occasion delivered by Chas. Foster Smith, Ph. D., of the University of Wisconsin, upon the subject, "Reading as Culture." The address was very much in the thought of that delivered by Dr. William Lyon Phelps, of Yale, last Saturday.

The Wiley P. Mangum medal for oratory was won by H. E. Stacy, who spoke upon "The Function of the State is the Larger Life of the Nation." The other two contestants were J. H. Boushall and J. H. Johnson. The president made public announcement of certain elections of the board of trustees which met Monday afternoon, the important of which was the appointment of Dr. Charles Bain, of the University of South Carolina, to succeed the late Dr. Eben Alexander as head of the Greek Department.

Governor Kitchin made a forceful address to the graduating class just before the conferring of degrees. Besides the 75 A. B. degrees, three LL. D., six Ph. G., five M. A., one M. S. and 15 M. D. degrees were conferred. These exercises concluded the 115th commencement.

Lumina, June 4th.

U. C. T. night at Lumina. Don't miss it. **

Illinois Bribery Investigation

Some of the Central Figures

SENATOR LORIMER CHARLES A. WHITE LEE O'NEILL BROWN

Springfield, Ill., May 31.—The legislative bribery investigation in which the Sangamon grand jury is engaged, took a broader aspect today. At the start of the days work subpoenas were issued for two representatives and a State officer who have not figured in the investigation. The day's hearing closed with the testimony of Representative H. D. McCullom, of Louisville, Ill. The new summonses were for Representaeive A. M. Foster, of Rushville, chairman of the fish and game committee; Nathan H. Cohen, State Fish Commissioner and, Representative B. F. Staymates, of Clinton.

Representative Foster and Fish Commissioner Cohen on Thursday will be questioned concerning the fate of a bill advocated by the State fish department. The bill died in committee. The chairman of the fish and game committee was also one of the Democratic members who voted for William Lorimer for United States Senator. Stamates also left the supporters of the regular Democratic nominee for United States Senator and voted for Lorimer.

Representative McCullom, the only assemblyman questioned by the jurors today, is a Democrat. He voted for Lorimer. McCullom told the jurors that he voted for Lorimer for political reasons and that he had no knowledge of any monetary transaction either in the senatorial election or in other cases. He denied all knowledge of a legislative "jack pot." He will be recalled tomorrow.

SENSATIONAL DAY IN COTTON

Trading Active and Excited on New York Stock Exchange Yesterday. Losses on Spot Cotton Alone Reach $960,000.

New York, May 31.—There was a sensational break in the New York cotton market today with trading more active and excited than at any time since the series of drastic declines which carried prices down about three cents a pound last January. It was the last day of trading in May contracts, business in that delivery ending at mid-day.

During the morning the bull leaders made some show of supporting the market by bidding for large blocks of May delivery, but as soon as May contracts were out of the way there was a rush of selling orders from all directions under which July deliveries melted away to 14.18, or 74 points under the closing figures of last week and 161 points under the high level of the season which was made last December.

Selling through houses with Western connections was particularly heavy and the further weakness of grain naturally gave rise to rumors that James A. Patten was liquidating his holdings of all commodities in preparation for his retirement from business on July 1st.

Southern bulls gave the market considerable support on the scale down, and when the new crop had shown a net loss of about 45 to 55 points with October contracts selling at 12.22 against 12.72, the closing figures of last week, the liquidation seemed to be pretty complete, but the old crop continued nervous, and when the final were somewhat 8 or 10 points up from the lowest, the improvement seemed the result of shorts covering for profits, rather than of renewed confidence on the bull side.

The New York market for spot cotton suffered even more severely than did futures. The price of middling cotton was marked down 80 points, or about $4 per baie, and presuming that the control of the local stock, amounting to 240,000 bales, still rests with the bull leaders, who are credited with having taken up another 39,000 bales today, the loss on the spot cotton alone, as measured by tonight's price, would be in the neighborhood of $960,000, while it is estimated that at least 300,000 bales of long contracts were liquidated during the day.

With today ends one of the most sensational months in the history of the New York Cotton Market so far as deliveries of actual cotton are concerned. July is the next active month to mature. It is claimed that the bulls have not been able to market their spot holdings as rapidly as expected, and that the amount of cotton brought here for delivery on contracts has exceeded their expectations.

Spot sales in the New York market reported today were 25,500 bales, and the official report showed 39,500 bales delivered on the last of the May contracts.

VOTE OF PEOPLE IS FAVORED

n Choosing Senators and Congressmen Keynote of Strong Speech of Senator Owens—Resolution For That Purpose.

Washington, May 30.—"It will be better for this country," said Senator Owen, of Oklahoma, today, "when Senators and members of Congress and State legislators and municipal legislators are chosen by the direct vote of the people and when the people have the right of recall by the nomination of a successor to their public servants. The people will never abuse their power." The Senator was speaking in the Senate in favor of a resolution introduced by him, in accordance with the wishes of the Legislature of the State of Oklahoma, providing for the submission of a constitutional amendment for the election of Senators by direct vote of the people.

Such an amendment, he said, would prevent the corruption of legislatures, would prevent the improper use of money in the campaign by men ambitious to obtain a seat in the Senate and would compel candidates for the Senate to me subjected to the severe scrutiny of a campaign before the people and compel the selection of the best fitted men. Further, he said, it would popularize government and tend to increase the confidence of the people in the Senate, "which has been to some extent impaired in recent years." It would also prevent deadlocks, he continued, due to political contests in which various States from time to time had been left unrepresented.

"I cannot believe," said Senator

(Continued on Page Eight.)

OUTLINES.

The last day of trading in May contracts caused a sensational day on the New York cotton market yesterday. Trading was active and excited and losses in spot cotton were heavy.——Ex-President Roosevelt caused a stir in London yesterday by making a speech on the attitude of the British government toward Egypt, which is considered an arraignment of the action by Englishmen——Senator Owen in a speech in the Senate yesterday favored the election of Senators by the direct vote of the people and introduced a resolution with that purpose in view——The Supreme Court yesterday restored the corporation tax cases to the document for re-argument——Discoveries made yesterday reveal almost every detail of the horrible murder of Alma Kellner at Louisville, Ky.——New York markets: Money on call firm 3 to 3 1-2, ruling rate, closing bid and offered at 3 1-4. Spot cotton closed 80 points decline, middling uplands 14.50, middling gulf 14.75. Flour was easier with a small trade. Wheat, spot easy No. 2 red 1.04 nominal, No. 1 northern 1.10 1-2 nominal f.o.b. Corn spot easy, No. 2, 64 3-4 nominal elevator, domestic basis. Oats spot easy, mixed nominal. Rosin quiet. Turpentine easy.

THE CORPORATION TAX CASES

Restored to Docket for Re-Argument Before Full Bench—Status of the Law in the Meantime—Gov. Hughes.

Washington, May 31.—Just before adjourning today until October, the Supreme Court of the United States restored the 15 corporation tax cases, heard last Spring, to the docket for re-argument before a full bench.

No specific date was set for the re-argument. As two cases, touching the constitutionality of the law and its applicability to certain organizations have been set already for the first Tuesday of the October term, it is believed the court will advance the 15 cases in question for a hearing in the same month.

Chief Justice Fuller made the announcement of the restoration. "For argument before a full bench", was the only reason assigned for the unexpected action of the court.

The cases were argued on March 17th and 18th, before a bench consisting of eight members. Inasmuch as the tax must be paid by July 1st, it was believed the court would announce a decision this term.

The only reason advanced for the delay of the court in reassignment of the cases was that the court hoped it would reach a satisfactory decision of the matter before the Summer recess and thus avoid a re-hearing.

How the court stands on the case, no one off the bench pretends to know. The action today will allow Governor Hughes, of New York, recently appointed to the bench, to participate in the consideration of the law.

Secretary MacVeagh said that notwithstanding the failure of the Supreme Court to pass on the constitutionality of the corporation tax, the treasury would proceed to collect it as required by law. Should the court, after re-argument, declare the tax not constitutional, the money collected will be refunded without the necessity of Congressional legislation, the statutes making ample provision for the return of taxes paid wrongfully or in error.

The corporation tax is colectible June 30th. The assessments on that account have aggregated a trifle in excess of $27,000,000, while the taxes paid to date amount to $675,325.

TOM WATSON A DEMOCRAT.

Well Known Georgia Populist Returns to the Party.

Augusta, Ga., May 31.—Thomas E. Watson, once a Democratic member of Congress, twice nominated by the Populist party for the Presidency of the United States and who has long been one of the chief controling factors in politics as a Populist in this State, announces in a card issued today, his return to the Democratic party. His language is strong, forceful and leaves no doubt that he has returned to stay.

BIG SUM OFFERED FOR AERO FLIGHT

Thirty Thousand to First Aviator Who Flys From New York to St. Louis.

GAYNOR ANNOUNCES NEW PRIZE

Custiss Honored at Hotel Astor in New York Last Night—Hamilton Contestant For Long Flight. Aviators Enthused.

New York, May 31.—Thirty thousand dollars was offered tonight to the first aviator who flies in an aeroplane from New York City to St. Louis or from St. Louis to New York. Mayor Gaynor announced the prize at the Hotel Astor tonight where Glenn H. Curtiss, who on Sunday wrote a new and wonderful chapter in the history of aviation by making a flight from Albany to Governors island, was the guest of the New York World whose $10,000 award he won.

The mayor said: "Mr. Curtiss' memorable flight has demonstrated the possibilities of inter-city communication by aeroplane. To further encourage aviators, to inspire the brave and heroic poineers in air travel to still greater feats, the World and St. Louis Post-Dispatch now offer a prize of $30,000 for the first successful aeroplane flight between New York and St. Louis. The condition governing this flight will be announced shortly after a conference with aeronautic experts. While this prize is positively offered I am advised that it is subject to an increase."

A distinguished company, including leaders in science, literature, journalism, finance and military genius gathered to meet the young aviator tonight.

Between courses a flood of congratulatory cablegrams and telegrams were read. Among them were messages from Bleriot, the French aviator; the Aero Club of France and Count de LaVaulex.

Count Jacques de Lesseps, who recently flew across the English channel cabled: "Let me add my personal congratulations to many you are receiving."

Hart O. Berg, called by many the "Father of Aviation," sent this message: "Please let me add my congratulations to those of your other friends for your magnificent performance in flying from Albany to New York when in battling with new, severe conditions, you overcame difficulties, which, never before confronted aviators; adding by your achievement splendid testimony to the practicability of the aeroplane."

Hubert Latham, the famous French viator cabled: "It was one of the most splendid flights ever made, and certainly the finest thing yet done in America."

Cortland Field Bishop, president of the Aero Club of America cabled from Venice: "Bravo for Curtiss." Hudson Maxim, one of the speakers of the evening, said: "As that warless era of which we catch glimpses in our dreams of a distant future is unquestionably far away, we must in our prediction look to the flying machines which war, as well as sport, and commerce, is to build and perfect.

"We shall not have to wait a 100 years for the staunch, wind defying machine with automatic equilibration. Very soon automobiling of the air will be as safe as automobiling upon the earth now is. Neither shall we have to wait a 100 years for that spectacular eventuation—a fight between aerial navies, for these are bound to come."

Curtiss was enthusiastic over the new offer but in the absence of details as to the stops to be allowed and other conditions he would not say definitely whether he would enter the contest.

Charles K. Hamilton quickly announced, however, that he would be a contestant. He had planned to enter the New York-Albany race, but Curtiss was too quick for him.

RIVERS AND HARBORS BILL

Report of Conferees on Measure—Reduction Made.

Washington, May 31.—The report of the conferees on the river and harbor bill was presented today in Congress and was approved. As finally agreed to, it carries appropriations aggregating $51,947,718, a net reduction of $705,000 from the amount of the bill as it passed the Senate.

All of the reductions consisted of comparatively small appropriations with the exception of the $200,000 for the proposed Beaumont-Meches canal in Texas, $250,000 for the Green river dam in Kentucky and $75,000 for the improvement of the Missouri River at Lake Contrary, all of which were stricken from the bill.

The original appropriation of $50,000 to pay the expenses of the International Navigation Congress to be held during the Summer, was restored. The amendment by the Senate to increase the life of the National Waterways Commission beyond March 4, 1911, was rejected.

COLD AT PITTSBURG

Severe Weather For May 31st—Snow Fell Yesterday.

Pittsburg, May 31.—Today is the coldest May 31st in the annals of the local office of the United States Weather Bureau. A temperature of 39 degress was recorded here at 10 o'clock.

Snow fell between 4 and 5 o'clock this morning.

ROOSEVELT CAUSES A STIR IN LONDON

British Government Arraigned For its Attitude Toward Egypt.

SPOKE AS CASUAL OBSERVER

Says Egypt Must be Governed by a Nation and Urges England to Act—Refers to the Assassination of Premier.

London, May 31.—Quite unexpectedly today Theodore Roosevelt delivered what is considered by Englishmen as a severe arraignment of the nation in its attitude towards Egypt. Something picturesque was looked for from the former President of the United States, but in view of his utterances in Egypt in which he gave praise in full measure to the British government for the development that followed British rule there, it was not anticipated that he would revert again to that subject, especially for the purpose of taking England to task.

But with a frankness that caused a stir among those who had gathered in the ancient Guild hall to witness the ceremony of conferring upon him the freedom of the city of London, Mr. Roosevelt declared that while England had given Egypt the best government in 2,000 years yet recent events, following the assassination of Premier Boutros Pasha, had shown that in certain vital points the British government had erred, and that England must repair this error if she wished to do her full duty.

He called attention to the fact that England's primary object in taking hold in Egypt was the establishment of order.

"Either you have or you have not the right to remain in Egypt and establish and keep order. If you have not the right and have not the desire to keep order, then, by all means get out. But if, as I hope, you feel that your duty to civilized mankind and your fealty to your own great traditions alike bid you to stay, then make the fact and the name agree and show that you are ready to meet in very deed the responsibility which is yours.

"When a people treats assassins as the cornerstone of self-government, it forfeits all rights to be treated as worthy of self government. Some nation must govern Egypt, and I hope and believe that the English nation will decide that the duty is theirs."

Mr. Roosevelt dwelt upon the baleful influence of the Nationalist party in Egypt, which had shown in connection with the murder of the premier, that it was neither desirous nor capable of guaranteeing justice. Nor had England shown enough of its strength. "You have tried to do too much," he said, "In the interests of the Egyptians themselves. Those who have to do with civilized peoples especially fanatical peoples, must remember that in such a situation as that which faces you in Egypt, weakness, timidity and sentiment may cause infinitely more harm than violence and injustice. Sentimentality is the most broken reed on which righteousness can lean."

With reference to the Sudan, Mr. Roosevelt said he felt as he did about the Panama canal. Although it might not pay it was Great Britain's duty to stay there. In his opinion the Sudan would pay anyway. It was not worth while to belong to a big nation unless that nation was ready to shoulder a big task.

He prefaced his remarks on Egypt with the statement that he spoke as an unprejudiced outsider, as an American and a real Democrat, whose first duty was to war against violence, injustice and wrong doing wherever found.

He proferred his advice only in accordance with the principles on which he had acted as President in dealing with the Philippines and he declared that the present condition of affairs in Egypt was a grave menace to the British Empire and to civilization.

DAVIDSON FINALS.

Large Attendance Yesterday and Enthusiasm Great—Trustees Meet.

(Special Star Correspondence.)

Davidson, N. C., May 31.—The attendance upon commencement here today is large and there is much enthusiasm. Commencement is on in earnest. An attractive programme is being carried out. Following the meeting of the trustees this morning there was an address at noon by Dr. S. C. Mitchell, of Columbia, S. C. This was pronounced one of the best addresses heard here in some time. At 2:30 this afternoon the alumnia celebration and class reunion took place and at 2:30 a vast throng attended the alumni celebration and class reunion. At 4:30 a large crowd attended a gymnasium and musical entertainment. The college orchestra and glee club furnished the music and a squad of 20 from the gymnasium gave the athletic exhibition. At 8:30 o'clock this evening the oratorical contest of the literary societies took place. At 10 o'clock tonight the annual alumni reception was held in Shearer hall. Tomorrow will be commencement day proper, when the graduation exercises will take place and there will be a reception at night by the literary societies.

Sailors Lost Second of Series With Luyster Against Them Yesterday Sympathy for Wilmington Contingent—The Score.

Results Yesterday.
Fayetteville 4; Wilmington 2.
Raleigh 0; Rocky Mount 9.
Goldsboro 5; Wilson 8.

Where They Play Today.
Wilson at Goldsboro.
Wilmington at Fayetteville.
Rocky Mount at Raleigh.

"Again the Sailors got it
Where Katy wore the beads—
And, if things don't take a change,
We'll all wear widows' weeds.
—Fan Foamings.

(Special Star Telegram.)

Fayetteville, N. C., May 31.—The Highlanders took the second of the series from the Sailors by the score of 4 to 2 today. After the result of the game became evident, Luyster took things easy and allowed seven hits. The spectators applauded when the Sailors scored their second run in the sixth inning. Bunting did fast work on third. Schumaker hit cleanly the first three times up.

The first three Sailors to face Luyster were out from the infield, Hyames on foul to third, Cooper short to first and Tydeman pitcher to first. Mullin, the first of the Highlanders, whiffed: Dobson hit to short, who threw wild and the runner went to second; was sacrificed by O'Halloran and scored on a passed ball. Donovan ended the agony with a whiff.

It was again one, two, three for the crew in the second, Doak short to first, Burke third to first and Carroll second to first. Another was added by the Scotchmen in their half when Schuman led with a single to left. Luyster hit safely through short, Galvin sacrificed and Schuman scored on Clancy's out short to first; Bunting flew out to short.

In the third, Kaiser was out third to first, Hudson singled past second. Gehring drew a constitutional, Hyames sacrificed and Cooper flew to first. For Fayeteville Mullin was out at first unassisted, Dobson second to first, but O'Halloran started trouble with a drive to centre, followed by another by Donovan to right, scoring O'Halloran. Schuman then singled to left and Luyster hit hot to short, who fumbled and Donovan scored. Galvin flew to third.

Tydeman led the fourth with a single to left but Doak fouled out to first, Ty. stole second and Burke sacrificed pitcher to first while Carroll fanned. For Fayetteville Clancy flew to centre, Bunting hit safely to third and stole second, Mullin sacrificed Dobson being out second to first.

In the fifth Kaiser was out to first unassisted, Hudson was out pitcher to first, Gehring beat out a hard one to third, Hyames followed with a single, but Cooper expired second to first. For Fayetteville O'Halloran flew to short, Donovan was out pitcher to first, but Schumaker singled by second but was forced by Luyster at Station 2.

It looked good for the Sailor lads when Tydeman led the sixth with a three-bagger to left and scored on Doak's long fly to centre, but after Burke had walked, Carroll flew to centre and Kaiser was out second to first. Galvin, for Fayetteville, flew to centre, Clancy fouled out to third. Bunting then hit a high fly to left, who misjudged it and the runner went to second, Mullin walked and Bunting stole third, Mullin second also but Dobson flew out to centre.

Hudson led the seventh with a safety to left but was forced by Gehring who was himself doubled at first; Hyames took a stroll and went to third when Cooper placed a neat one to centre, but Tydeman flew to left. For Fayetteville, O'Halloran was out second to first, Donovan on fly to right while Schumaker fanned.

In the eighth Doak was out second to first, Burke pasted one to centre for two bases, Carroll flew to right, and Kaiser hit to short and on his fumble, Burke crossed the rubber. Hudson singled to right, advancing Kaiser to third, Hudson stealing second but Gehring was out third to first. For Fayetteville Luyster flew out to left, Galvin singled to left, Clancy bunted to short and beat it out, Bunting flew to left and Mullin to right.

It was not even a near-score in the ninth and Wilmington was unable to overcome the lead; Hyames hit to third and was safe on error of first, Cooper flew to right, Tydeman hit to short forcing Hyames while Doak fanned.

The Tabulated Score.

Wilmington.	AB	R	H	PO	A	E

SQUEAKS.

Whiffletits!

If it had only rained—

Another citrus limonum for our's.

Only six errors! There's a consolation; it might be worse.

Hard luck, Goldsboro, but you'll get those near-champions yet.

"Hey! up there on the 'poop' deck! Reverse that ensign, will ye!"

As the days pass we begin to have more and more respect for old man Job.

If the local management only knew it, enthusiasm is dwindling like an icicle in May.

A few more hits, but they were spread out like butter on a boarding house sandwich.

Hyames seemed to have cornered the bobble market. "Cut it out; Hyamsey, you'll make some of the others jealous."

Hudson and Schumaker seemed to be the leaders in the swatfest, each getting three hits, while Tydeman got two, one of them a three-bagger.

Wilmington once made a world's record for the greatest number of games lost on an unbroken stretch, but, really, we don't care about bettering it just now.

We reiterate, there are a few members of the crew who are strictly eligible to full standing in the Ancient Order of the Tin Can; and the sooner cashiering starts, the better.

One thing to be thankfull for, Gehring only walked one Kittie to Luyater's three, and fanned three to Luyster's two, which is a great improvement over some of our previous pitching performances.

An unofficial compilation of batting averages for three teams in the league for the first week's games shows Goldsboro bingling .219, Wilson .178, and the locals only .125. Further remarks are unnecessary.

One more time we break it softly to the gentle reader—if the Sailors don't get an entirely new infield or patch up the old one very materially, they need not expect to win but mighty few games in this company they're trying to travel in.

RAGGED GAME AT GOLDSBORO

Both Teams Pounded the Ball Hard. Neither Pitcher Able to Keep His Hits Scattered—The Score.

(Special Star Telegram.)

Goldsboro, N. C., May 31.—In a ragged game of ball on the local grounds, characterized by the heavy hitting of both teams, Wilson took the second game of the series from the "Giants". Both pitchers were unable to keep their hits scattered.

The Tabulated Score.

POLICE RECORD FOR MAY.

Considerable Decrease in Number of Arrests Over Month of April.

The regular monthly report of Chief of Police N. J. Williams to the Police and Fire Commission, submitted at the special meeting last night, shows that during the month of May there were only 91 arrests, 37 whites and 54 colored, against 140 arrests for the month of April, a decrease of 49. The following shows in detail the number of arrests and character of offenses charged: Assault with deadly weapon, one white and four colored; drunkenness, 22 whites and 19 colored; disorderly conduct, four whites and ten colored; affray, two whites and six colored; fast driving, one colored; larceny, six colored; simple assault, three whites and one colored; abandonment, one white; vagrancy, two whites and one colored; gambling, two colored; safe keeping, one white; interfering with officer, one colored; deserter, one white; discharging firearms in the city, one colored; cruelty to animals, two colored.

SHERIFF WANTS SPECIAL TAXES.

Says Near-Beer and Pool Room Licenses Must be Renewed Today.

Sheriff S. P. Cowan stated yesterday afternoon that the Revenue and Machinery Act requires payment today of all special license or privilege taxes for the fiscal year. A number of persons secured their licenses yesterday and Sheriff Cowan hopes that all will attend to the matter during the next few days. He stated that the near-beer and pool-room license axes must be paid today. It is understood that in view of the regulations governing near-beer saloons in the city recently adopted by the Board of Aldermen many near-beer dealers are preparing to open places just outside the jurisdiction of the Wilmington police and not only escape the stringent restrictions but the payment to the city of the license tax of $300. Whether this will be done or not remains to be seen, but it is certain that some have been considering the matter.

DISGRACEFUL PERFORMANCE

Double Assault on Umpire In Game With Rocky Mount—Also a Row Between Players—Other Notes.

(Special Star Telegram.)

Raleigh, N. C., May 31.—King Kelly, manager of the Raleigh baseball team, and Umpire J. R. Davis, for the games with Rocky Mount here this week, had a sensational scrap on the diamond this afternoon in which the finger prints of King Kelly were forcibly imprinted about the throat of the umpire before the two men were separated, the fight forfeiting the game to Rocky Mount 9 to 0.

It was in the seventh inning. Raleigh had one man down and a man on first who attempted to steal second. The umpire called him out on a close play. Manager Kelly protested. The score was then 2 to 0 in favor of Rocky Mount. Sharp words passed between the two men. The umpire then gave Kelly three minutes to get off the field. Kelly slapped the watch out of the umpire's hand, refusing to leave the diamond. A crowd rushed on the field and all moved down near the grandstand where Kelly made a sudden dash at Umpire Davis and before anyone was aware of what was up, had Davis down on his knees choking him. They were separated before serious damage was done by either.

A few moments later another sensation was stirred up by a clash between Raleigh's pitcher, Jobson, and Phelan, first baseman for Rocky Mount. Jobson is said to have heaped abuse on Phelan that provoked an exchange of blows and made a lively scene for a few moments. No one was seriously hurt. There has been no fine or punishment for Kelly as yet.

Dr. Joel Whitaker, president of the League, tonight suspended Kelly from any of the league games for three days for his attack on Umpire Davis.

GOTCH AND ZBYSZKO.

World's Championship Match in Chicago Today.

Chicago, May 31.—Frank Gotch, of Iowa, will defend the world's wrestling championship against Stanislaus Zbyszko, of Poland, in a finish catch-as-catch-can match at the coliseum tomorrow night. The promoters say the match is for a purse of $25,000. It will be Gotch's first appearance here since he handily defeated Yussiff Mahmoul in their championship bout more than a year ago.

WATER NOT CONTAMINATED

Statement Issued From Office of Water & Sewerage Commission.

It having been reported in the southern section of the city that contamination of the city water was responsible for much of the sickness in that part of town at present, a statement was issued from the office of the Water and Sewerage Commission yesterday to the effect that there is no foundation whatever for the report, and further that the analysis shows the city water to be holding up well. It was also stated that if the analysis showed contamination use of the water would be stopped by the State Board of Health. A man from the office of the commission has watched very closely the pipes while they were being put down in order that the water might not be contaminated.

The work of laying the water pipes has been completed and the inspection by Mr. Sergeant, representing the consulting engineers; Mr. Round, for the contractors, and Mr. J. D. Mote, for the commission will be completed within the next two days, when the pipes will be flushed. The work at the pumping station is progressing very rapidly. The roof for the water tower is being put on and the bottom and walls for the reservoir are being constructed. The new building is being erected and the new pump is being unloaded and installed.

Negro Shot at Bolton.

Police circles were considerably stirred up Monday over their failure to fathom an evident mystery over the probable fatal shooting of a negro who was reported to be in the hospital in a dangerous condition. Chief Williams and Mayor MacRae, having been unable to get any details from the hospital as to the reported shooting, went to the institution and ascertained that the negro was from Bolton, N. C., and had been shot there Saturday night and brought to the city Sunday morning. From the best information obtainable, the negro was standing on the railroad track near the station when he was fired upon by some white men, the ball penetrating his stomach. Effort to gain further information at Bolton proved fruitless.

Chicago	11	20	.355
St. Louis	7	28	.200

NATIONAL LEAGUE.

Brooklyn, May 31.—Brooklyn tried out Pitcher Knetzer today and he made good. Boston went down 4 to 1. He allowed only six hits and two passes, one of the latter following Beck's double, scoring the only run for the visitors. Brooklyn bunched hits off Mattern in the third and fifth.

Boston .....010 000 000—1 6 1
Brooklyn .....002 020 00x—4 7 0

Mattern, Parsons and H. Smith; Knelzer and Erwin; time 1:34; umpires O'Day and Brennan.

Philadelphia, May 31.—Philadelphia put up a very poor exhibition against New York today and lost by 4 to 2. The home team escaped a shut-out when Grant hit to the club house for a home run, also scoring Knabe. Bates and Doyle were sent off the field by Umpire Johnston for disputing decisions.

New York .....010 001 110—4 6 0
Philadelphia ....000 000 020—2 10 5

Raymond and Wilson; Brennan, Moore and Doin; time 2:02; umpires Johnstone and Moran.

No other games scheduled.

AMERICAN LEAGUE.

New York, May 31.—The New York Americans made it three out of four from Washington today, Pitcher Quinn registering his fourth victory of the year over the visitors. Quinn practically won his own game, tripling in the seventh when the score was tied and bringing in two runs.

Washington ....100 000 000—1 4 2
New York .....000 010 22x—5 8 1

Johnson and Street; Quinn and Sweeney; time 1:40; umpires O'Loughlin and Perrine.

Boston, May 31.—Philadelphia took the series, three games to two, getting an even break today by winning the second game of a double-header 4 to 2, after Boston had been victorious in the first game 1 to 0. The first game a pitcher's battle between Morgan and Collins, terminated when Parry made a wild throw to first, letting in a run. Errors by Gardner and Lewis were responsible for all the visitors' runs in the second contest, while Stahl scored both of Boston's runs. Thomas had his thumb broken.

Philadelphia ....000 000 000—0 4 1
Boston .....000 000 001—1 2 0

Morgan and Lapp; R. Collins and Carrigan; time 1:45.

Second game:

Philadelphia .....000 022—4 7 0
Boston .....000 101—2 6 2

Called by agreement to allow Philadelphia to catch train. Bender and Thomas and Lapp; Arellanes, Hall and Carrigan; time 1:30; umpires Kerin and Sheridan.

St. Louis, May 31.—Detroit in less than one and a half hours today won the fourth straight game and the series from St. Louis. Today's score was 3 to 1.

St. Louis .....000 000 001—1 6 1
Detroit .....102 000 000—3 9 1

Pelty and Killifer; Pernoll and Schmidt; time 1:28; umpires Dineen and Connolly.

At Cleveland-Chicago, rain.

GRANTED PERMIT FOR FIGHT.

Action of 'Frisco Board of Supervisors Yesterday.

San Francisco, May 31.—With but two dissenting votes and without preliminary discussion the permit for the 45 round battle on July 4th between Jeffries and Johnson was granted today by the Board of Supervisors.

The board room was crowded with representatives of church and civic organizations, who did not get a chance to voice their protests. The permit was advanced on the boards calendar and was passed before the objectors knew it. When they learned that the permit had been granted, the protestants indignantly left the room in a body.

By their action today the Board of Supervisors removed the last official preliminary obstacle in the way of promotors, who will now proceed with the erection of the arena. District Attorney Fickert and the chief of police have already announced that they will not seek to prevent the contest.

HAMILTON OFFERS $20,000.

For Aero Flight From New York to Chicago—Post to Give.

Chicago, May 31.—The $20,000 offered by Charles K. Hamilton towards a $25,000 purse for an aeroplane flight from New York to Chicago, was increased today by J. C. Shaffer, publisher of the Chicago Evening Post, who announced that he would give $1,000.

New York, May 31.—Mayor Gaynor announced tonight on behalf of the New York World, and the St. Louis Post-Dispatch, a $30,000 prize for a successful aeroplane flight from New York to St. Louis.

STEAMER ELLEN RICKMERS.

Underwriter's Agent Here to Look After Disabled Vessel.

Capt. C. B. Wheldon, of New York, representing the underwriters, arrived yesterday and will remain here a few days in the interest of the German steamer Ellen Rickmers, which was so badly disabled while coming up the river that she will have to be towed away from here to some shipyard for repairs.

The Rickmers will be discharged of her cargo of kainit at the Seaboard within the next few days and a board of survey to determine the damage will be held. It is known that the repairs to her rudder cannot be made at this port and arrangements are being made with some tow boat company to tow the vessel. The captain prefers that his steamer be either towed to Newport News or New York, but of course will be governed by the board of survey.

THE A. & M COMMENCEMENT

Fine Year's Progress—Award of Distinctions—President Hill's Report—Addresses by Distinguished Men.

(Special Star Correspondence.)

Raleigh, N. C., May 31.—Four honor graduates of the A. & M. College delivered splendid orations this morning in connection with the graduation exercises of the A. & M. College. They were Rufus E. Forbis, on Industrial Arbitration; Lennox P. McLendon, on Agriculture and Export Trade; Howard W. Wells, on The Waste of Light, and Charles E. Walton, on Growth of the Telephone Industry.

The medal for best record in the textile department went to T. B. Summerlin. C. E. Walton won highest honors for four years' course. Eighteen others of the senior class of 58 men won honor records for their senior year as follows: R. K. Babbington, F. M. Black, C. R. Bradley, J. J. Gantt, R. W. Hicks, L. A. Higgins, L. H. Kirby, U. C. Loftin, L. D. Moody, E. B. Moore, H. Y. Mott, W. N. Neale, W. R. Phillips, E. H. Smith, J. F. Speight, C. B. Stainback, T. B. Stancel, C. E. Walton. Thirty-two young men won honors for punctuality. There were long honor rolls for junior, sophomore and freshman classes.

The senior class comprises nine bachelors of agriculture; two in industrial chemistry; 16 in civil engineering; 17 in electrical engineering; 10 in mechanical engineering and three in the textile industry.

In his address President Hill stated that the enrollment the past year has been 570, a gain of 124 over any previous record. Improvements in the college equipment the past year include two fine farm barns, a large dormitory building and the engineering building now being erected. Also improvements in the foundry equipment, marked improvements in the farm, including the planting of a fine orchard, establishment of a truck farm and one of the finest young herds of cattle to be found anywhere in the State. There were 182 agricultural students, a gain of 92 per cent. having characterized this department within two years. Dr. Hill commented on the college having gained its majority, being 21 years old and declared that the foundation is just laid for the great agricultural and industrial college that the State really needs.

Prof. I. O. Schaub, in his address last night to the alumni declared that if the interests of the State are to be conserved the public educational system must be revolutionized, as it pertains to the teaching of agriculture. He insisted that the public high schools of the State must be provided with agricultural courses with an agricultural teacher in charge of that phase of the teaching and with two acres or more of farm in connection with the school to demonstrate the agricultural teaching. There are, he said, 160 public high schools in the rural sections of the State with 5,282 students of whom only 428 studied agriculture at all during last session. He decried the present practice of stuffing the heads of the children of farmers with studies of some dead language to the neglect of agriculture and the wonderful things of nature in plant-life and the study of the soils.

The address last night by Richmond Pearson Hobson, following that by Prof. Schaub, was a splendid presentation of the possibilities of the South in its relation to National and world problems. He conceived the approaching condition of the South being the producer of the bulk of the food supplies of the United States and the greater part of the material for the clothing of the world along with the production of the raw material linking the turning out of the finished product of the manufactured article. The address was an eloquent presentation of all those advanced conceptions of Mr. Hobson's that are so well and so widely known as to the mission of the South and the United States in shaping the destiny of the world, not failing to bring in with full force the problem of the "Yellow Peril" and "alcoholism".

A charter was issued today for the Broadway Academy and Industrial Institute (Inc.), for establishing a school at Broadway, Lee county, Rev. A. J. McDonald being principal incorporator. Another charter is to the Bank of Merry Oaks, Johnston county, capital $25,000, authorized and $6,000 subscribed by Thos. G. Rollins, M. F. Holmes and others.

OFFICE-HOLDERS TOO ACTIVE.

Arrival of Civil Service Men at Asheville Creates Stir.

(Special to Charlotte Observer.)

Asheville, May 30.—Once again has Asheville come under the scrutiny of the high officials of the United States government at Washington. Two civil service men, L. H. Fisher, secretary of the division, and John T. Doyle, secretary of the United States Civil Service Commission at Washington, are here engaged in the investigation into the alleged pernicious activity of certain of the employes under civil service. Among those whom it is said are being catechised concerning their actions, are Assistant Postmaster J. L. Wagner, L. A. Grant, an employe of the postoffice and son of Congressman Grant, and A. B. Freeman, a clerk in the revenue office. Several others also have been called in before these officers who have established headquarters at the postoffice building.

publication by the officers and it is

Nothing has een given out for doubtful if they will say anything. It is claimed that the department of civil service is desirous of knowing if these office-holders have been too active in politics, soliciting of subscriptions for Republican campaign funds, etc. The investigation has caused somewhat of a stir in Republican quarters and it is said there has been a little uneasiness.

SPRING HOPE NEWSLETS.

Death in Franklin—Revival Meeting—Republicans Are Active.

(Special Star Correspondence.)

Spring Hope, May 31.—After an illness of more than two weeks with pneumonia Mrs. John P. Weathersby, wife of a prominent Franklin county farmer, who lives near Spring Hope, died last night, and will be buried at the family burial grounds this afternoon. Mrs. Weathersby was a member of the Baptist church, and a woman who had many friends throughout Nash and Franklin counties. Besides her husband she is survived by the following children: Messrs. Thad, Robert, Talmage and Corbett Weathersby, Mrs. L. F. Brantley, Mrs. Lelia Brantley, Misses Minda and Maggie Weathersby, all of Franklin county, and Mr. Charles Weathersby, of Nashville. She was an aunt of Mr. Spencer Weathersby, of Spring Hope.

Mrs. Ed. Holland, of Franklin county, died yesterday afternoon after a week's illness. The remains were buried this afternoon at the family burying grounds.

Rev. Charles Maddry, of Statesville, arrived today, and will preach for a week at the Baptist church. Two services will be held each day. Mr. Maddry is regarded as a most excellent and most sucessful minister.

The Spring Hope Council, Jr. O. U. A. M., gave a barbecue at the Wheless fish pond yesterday. There was an abundance of good things to eat. The Juniors had a good time. The Council at this place is in a flourishing condition.

A number of people from Spring Hope attended the Tar river Baptist Union at Castalia the past Saturday and Sunday. Mr. T. E. Powell, of Gold Rock, was moderator and Mr. O. Creech, of Castalia, secretary. A number of helpful addresses were heard. The Roanoke Baptist Union was held at the same time at Nashville.

At a recent meeting of the executive committee of the county Republican organization July 2nd was fixed as the date for precinct primary and July 4th as the date for the county convention. Col. J. C. Matthews, of Spring Hope, who has been candidate for the Legislature as often as Bryan has been candidate for President, threatens to have Tom Settle of Asheville, come down and address the faithful about the needs of local self-government. Owing to the importance of the question and the need of the Republicans to get together Col. Matthews may also have Judge J. C Pritchard address the assemblage, although he hasn't suggested that he would.

WASHINGTON NEWS NOTES.

Good Roads Association—Accident at Lumber Mills—Other Items.

(Special Star Correspondence.)

Washington, N. C., May 31.—A movement is on foot in this city to organize a good roads association. Secretary A. C. Hathaway, of the Chamber of Commerce, is the chief promoter. The association when perfected will be known as the Beaufort County Good Roads Association and it will be the purpose to greatly improve the roads throughout Beaufort county.

Yesterday afternoon Blount Belcher, colored, while employed at the barrel factory of the Eureka Lumber Company on the suburbs of this city, got his arm entangled in the belting to some of the machinery and crushed it so badly that it had to be taken off at the shoulder.

Beginning today the new schedule on the Washington and Vandemere Railroad goes into effect and will continue through the trucking season only. Train number one leaves Vandemere daily at 9 A. M., arriving in this city at 12:45 and returning leaves Washington at 5 P. M. and arrives at Vandemere at 8:10 P. M.

On Thursday afternoon, June 2nd, the local baseball team will cross bats with a picked team from Morehead City at Fleming Park. The Morehead boys will arrive during the morning on an excursion train.

Judge Manning Should Stay on the Bench.

(Moore Counnty News, May 17thn.)

There has been more or less discussion in the press of the State for several months regarding the Associate Justiceship of the Supreme Court now held by Judge Manning, who was appointed by Gov. Kitchin to fill the vacancy occasioned by the resignation of Judge Connor to go on the Federal bench.

The only excuse we can see for discussion, is the laudable ambition of Judge William R. Allen and his friends to put that gentleman on the supreme bench in place of Judge Manning. Of Judge Allen's learning, ability and judicial fitness, Judge Manning's most ardent partisans will frankly admit. But an admission of Judge Allen's ability, destracts in no way from Judge Manning's standing as a learned jurist and a talented gentleman.

He has "made good" on the bench, and has perfectly justified Gov. Kitchin in elevating him to this exalted position. No sounder nor abler opinions have been written by any member of our strong court!

The Governor needed no justification for appointing Judge Manning, but if he had needed any, the fact that the Democratic convention of his district nominated him for Superior court judge in 1894, it seems to us, is amply sufficient.

If Judge Allen is defeated, it will in no wise reflect upon him, because he is already holding one of the most honorable positions in the gift of our people—a seat on the Superior court bench. On the other hand, if Judge Manning is defeated, it will be a very serious reflection, not only upon him, but would also be a slap in Gov. Kitchin's face, in rejecting his appointee.

We repeat that the result of this nomination is of small consequence to Judge Allen, but is of the supremest importance to Judge Manning.

Judge Manning is an able, upright and honorable judge, and has every legitimate claim to the nomination for Associate Justice, and we believe the honest Democracy of North Carolina will confirm the Governor's act in putting him on the bench. **

MR. GODWIN AT LUMBERTON.

Spoke to Rural Carriers' Association on Monday.

(Special Star Correspondence.)

Lumberton, May 30.—The Robeson County Rural Carriers' Association met here today in annual session. Only about half of the carriers in the county were present. Officers for the next year were elected as follows: President, Carl Howard, Lumber Bridge; vice president, D. H. Smith, Maxton; secretary, Boyd Hayes, Fairmont.

Resolutions were adopted urging improvement of the public roads and the betterment of the rural service generally. A resolution was passed urging all carriers to become members of the association. It was stated that out of over 40,000 carriers in the United States only 7,000 were members of the association.

Congressman Godwin was present and addressed the meeting. The impression seemed to have been that Mr. Godwin's speech was for the carriers only, and as a result not many were present other than carriers. The meeting is said to have been a most enjoyable and profitable one.

$750 ON NEAR BEER.

Spring Hope Places This Amount on "Nigh" Article.

(Special Star Telegram.)

Spring Hope, N. C., May 31.—At a meeting of the town commissioners this afternoon a license tax of $750 was placed on the sale of near-beer. The tax is payable in advance. It is understood two dealers will apply for license.

A Dreadful Wound

from a knife, gun, tin can, rusty nail, fireworks, or of any other nature, demands prompt treatment with Bucklen's Arnica Salve to prevent blood poison or gangrene. It's the quickest, surest healer for all such wounds as also for Burns, Boils, Sores, Skin Eruptions, Eczema, Chapped Hands, Corns or Piles. 25c. at Robert R. Bellamy's.

TRIED ALL KINDS MEDICINES

Mrs. York Was in Critical Condition But Reports Rapid Recovery Since Taking Cardui.

Huntington, W. Va.—"I was sick for two years," writes Mrs. Bessie York, of this place, "and tried all the medicines and doctors I could hear of, that I thought might cure me, but they all failed to relieve me.

I was so bad, that every month I thought I would die.

Finally, I tried Cardui and was relieved. I am still improving. I can't praise your wonderful medicine enough, for what it has done for me."

No friend in need, could be more welcome to a sick, delicate woman, than a medicine which will relieve her pains and distress, build up her strength, restore her failing health, and bring back to her cheeks the lost bloom of the rose.

Cardui has done this for thousands of sick, miserable women, and should do the same for you, if you wish.

Being composed of purely vegetable and harmless ingredients, which have a special, curative and strengthening action on the womanly organs, Cardui goes right to the seat of your trouble.

If you are a woman, try Cardui, the woman's tonic.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

Doctors Agree

that much of the illness of children can be traced directly to unsanitary refrigerators, and many cases of typhoid fever can also be traced to an ill smelling, foul, zinc-lined ice box.

A good refrigerater is the best "health insurance" you can have, as it safeguards the health of your family and keeps your food clean, fresh and pure.

McCray Refrigerators

are endorsed by physicians, hygienists, and sanitary experts, and are not only better than ordinary refrigerators, but are much more economical as they require only one-half as much ice as an ordinary refrigerator, They are so perfectly insulated that they are as nearly as possible cold and heat proof, and therefore have an active circulation of absolutely dry, cold, pure air with the minimum amount of ice.

Let Us Tell You Why

McCray Refrigerators are superior. Come in and see them for yourself, and let us give you the names of some of the people who are using McCray Refrigerators. Then call some of them up on the 'phone and ask them if they are satisfied with the McCray. Don't take our word—ask someone who is actually using a McCray.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

Not only is Mother's Friend a safe and simple remedy, but the comfort and healthful condition its use produces makes it of inestimable value to every expectant mother. Mother's Friend relieves the pain and discomfort caused by the strain on the different ligaments, overcomes nausea by counteraction, prevents backache and numbness of limbs, soothes the inflammation of the breast glands, and in every way aids in preserving the health and comfort of prospective mothers. Mother's Friend is a liniment for external massage, which by lubricating and expanding the different muscles and membranes, thoroughly prepares the system for baby's coming without danger to the mother. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

'TIS SAD, BUT TRUE. Many sorely afflicted people wait until they get one foot in the grave before they take the proper treatment for rheumatism. Rheumacide cures rheumatism to stay cured. Rheumacide goes right to the seat of the disease, and removes its cause. It is put up in liquid form, also tablets. Sold in 25c and 50c bottles by druggists generally. Tablets by mail, 25c. Bobbitt Chemical Co., Baltimore, Md.

For Sale by R. R. Bellamy.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY (Inc.)
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

The MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.25 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith

Wednesday, June 1, 1910.

A Jacksonville negro stole two bottles of whiskey from a Georgian. How easy it is for an ordinary Florida negro to break the heart of a Georgian.

The Charleston News and Courier says "the man who is going to run for Governor of New York is Sulzer not Selzer." This correction will prevent the paraghaphers from saying that his campaign will be a fizzle.

Col. Roosevelt will arrive home in all his strenuosity and glory June 18th. President Taft has decided that he will not be able to go to New York to take part in the welcome. Some people may think the President is ungrateful or standing too much on his dignity, but in his behalf we wish to explain that he is too heavy a man to be expected to run around with the procession and exhaust himself in helping to explode the fireworks.

A New York man for the benefit of his health claims that he lived 30 days on water and found that "the starvation remedy" greatly benefited him. In fact he was so well satisfied that he has decided to try the remedy for 50 days. If he keeps on taking chances on the water wagon like that it may land him in the grave. There is even danger in water when it is used intemperately, but very few people are addicted to the water habit so as you will notice it.

Augusta pretended like it wanted to pay that $5,000 deficit in the President's traveling expenses in order to make it appear that President Taft recognizes that community as one of his homes. The Augusta bunch knew that the President wouldn't let them pay the money and they were under the impression that it would cinch him for a few games of golf in that neighborhood when he takes a notion to rest up a little in a quiet and secluded locality.

The great American Rough Rider has created the impression upon Europe that he is one of our high brows. What kind of an opinion do you suppose they will have of American high brows when they are smart enough over there to know the difference between the repetition of well known truths and the exploitation of subjects that are sprung so long ago that there is nothing new in them? Some men can make discoveries and other men can make the most of them by taking the advantage of their opportunities for strenuous advocacy at a time when the talk takes well.

It is quite evident that it will take another long and painful investigation to satisfy the public whether certain members of the Illinois Legislature are trying to prove themselves to be bribe-takers, liars and perjurers, or whether Senator Lorimer bought his election to the United States Senate by squandering his wealth on a bunch of infamous scoundrels. It is a curious situation in which men openly and brazenly confess they are bribe takers in order to prove that a Senator is guilty of bribery and corruption. Somebody is woefully unprincipled and guilty, and that is one thing sure.

Says the Jacksonville Times-Union: "The friends of President Taft wonder how Democrats can be cruel enough to forbid him the use of the traveling expense fund before it is due. Meantime Mr. Taft well knows that when he overdraws that account he violates the law and he should have respect for it since he cannot plead ignorance." That is why the question came up before Congress. It was for the purpose of enabling the President to do what he couldn't do lawfully unless Congress authorized him to take some of his next year's money to pay his last year's traveling expenses.

GET IN THE LIMELIGHT.

All this talk about the possibility of Gov. Harmon, of Ohio, as the Democratic nominee for President, has caused Col. Bryan to put in his oar and row up to Harmon in order to sound him with a whole lot of questions as to how he stands with regard to a whole lot of fundamentals and paramounts as they are conceived from the standpoint of the distinguished Nebraskan. Col. Bryan's inquisitiveness evidently strikes the Ohio Governor as officious and he gives the Nebraskan to understand that he does his own thinking. With all due respect to Col. Bryan, Gov. Harmon is thus showing signs of being real Presidential timber and is in a position to relieve the Nebraskan of laboring under the strain of doing all the thinking for the party.

This is all right as far as it goes, but it is just about time for all those gentlemen who think they are of Presidential size to let the Democracy know the principal things that would make their possible nomination worth while. There are various ways of getting into the limelight with their opinions without being probed and corkscrewed by Col. Bryan. They need not necessarily consider it the proper thing to answer Col. Bryan's questions and satisfy him and get his approval, but a few newspaper interviews and magazine articles might give some satisfaction to an inquiring and anxious public. They need not rush into print themselves but they can tamely submit to interviews and need not necessarily show signs of distress when the magazine writers want to print their pictures, sketch their marvellous careers, exploit their great statesmanship, detail what they stand for and make it known whether they could inhabit the White House without being too susceptible to the influence of fool friends and men with motives and schemes that are liable to get them into trouble.

In other words, the people want to know what kind of a man is liable to get into the White House and it is quite right that they should know whether the man who wants to go there is able to "tote his own skillet." They must know in advance how Presidential aspirants stand on fundamental principles and anti-socialistic matters generally, and whether they have many enemies to fear, too many friends to reward or too many interests to serve. We have had experience with White House occupants and we don't want to get bit any more. We have to be careful in selecting our candidate for President because the people might take it into their heads to quit making fools of themselves and decide to vote for a Democrat two years from now.

The Democratic party does not want to elect any Sphinx for President, if they know themselves, any more than they care to nominate a man who does so much talking and who discovers so many new things that he confuses the situation and gets his party all mixed up. As we said before, there is not a bit of harm in the Presidential timber that shows how it stands. Let the gentlemen be invited to banquets where they can tell all they know, let them go out on the chautauqua circuit or get into print somehow or other. Watch the tactics of Col. Roosevelt and learn how to do things like that without being suspected of having any ulterior motive, any axe to grind, or any ambition to gratify or satisfy. The press agent hasn't gone any where. He is always ready and willing to do business.

THE CONSCIENCELESS AGE.

It seems that we have been living in a conscienceless age and are making a strong effort to emerge from it. "The tricks of the trade" has been often quoted and made the butt of many a joke but there is more truth than poetry in it. It really appears that there are so many tricks in every trade that trade in the United States has the appearance of being based on fraud from beginning to end. Many a man has playfully remarked "there are tricks in every trade" but the one in which he was engaged, a playful remark indicating that no one need be so sure but there might be some tricks in his trade but they are not practiced openly.

It really appears that we are a short measure nation, shoddy manufacturers, food adulterants and traders who would bear watching at all times and under all circumstances. Probably the most serious kind of rascality practiced in this country has been in the adulteration of what we eat and drink and even our medicines are in a large measure not chemically pure. The wholesale frauds in the adulteration of food supplies has been revealed by Dr. Wylie, our Government food expert, and in spite of the passage of stringent laws by Congress and by the State Legislatures, we still have to keep a sharp look out to avoid eating something that is adulterated or have to drink liquors that are not chemically pure and some of which probably never come from a still house.

It is a sad commentary on the honesty and integrity of our people that the Governments of the Nation and the State have to step in with the laws to protect consumers in what they eat and what they wear and what they buy. The joke used to be on Connecticut for manufacturing wooden nutmegs but it seems to be on the whole country now, and the worst of it is that it is a true bill. Next to the adulteration of foods, medicines and drinks, probably the fraud of short-weight measures and short-weight packages is one of the worse evidences of slack consciences in this country.

The Government at Washington is endeavoring to protect us from adulteration frauds and the Legislatures have done more or less in attempts to protect the public from all kinds of imposition, but there are so many it is hard to reach them all. Short measures and short weight packages constitute a great fraud on the public and drain millions of dollars out of the pockets of purchasers who are constantly paying for what they reasonably expect to get in full. In New York an illustration is furnished us by the Bureau of Weights and Measures which has preferred charges of short-weight sales of butter against one of the most extensively known dairy establishments in this country. The specification is that the concern puts on the market one and two pound packages of butter, neither of which contain either a pound or two pounds. The respective packages weigh a pound and two pounds but they include the pasteboard boxes, paper linings and paraffine paper in which the butter is wrapped. Thus the purchasers of butter are made to buy pasteboard and paper as butter, whereas, the manufacturer has bought them at considerably less than he gets back in the price for a supposed pound or two pounds package of butter.

It is trulyq a verification of the poet who writes that, "vice is a monster of such frightful mien, that to be hated needs but to be seen, but seen too oft, familiar with its face; we first endure, then pity, then embrace." This is shown in the fact that the dairy concern did not deny the short package charge but rested its defense on the answer that it "is merely following the custom of trade" and at the same time in putting up its products in decent shape is conserving the health of the consumers of its butter. It must be admitted that the dairy concern has stated the truth, but it shows that we have so long submitted to fraud that it has become a custom that creates no great amount of conscience trouble.

There is a great movement in this country to get back to some standard of honesty and the New York authorities are endeavoring to see to it that consumers shall be protected in the weights and measures of the products and commodities which they buy. Our strawberry growers in eastern North Carolina who formerly used short-weight packages for the shipment of their strawberries, only because it was the custom, were put to a good deal of inconvenience and expense the past season on account of the New York laws requiring standard packages that hold exactly what they should hold. All must admit that full measure is nothing but right and just, and we must come to it all over this country or else go down in history as a nation of frauds.

It is necessary for us to quit the wooden nutmeg business, the short measure business, the short package business and to cease to be short canners. There are a whole lot of things which must be regulated in the interest of consumers, and these cover a very wide range. Without atempting to mention an impossible list of them, we are reminded by the Savannah News that hams, for instance, come wrapped in paper weighing from four to six or eight ounces and with a burlap cover outside of that, the whole weight together with the ham being paid for as so much ham. The paper and the wrapping around the ham cost far less than the prices of ham per pound and without knowing it the consumer has paid an exorbitant price for his already high priced ham.

This is the way the thing runs from beginning to end, ramifying in all directions and hitting consumers in a thousand different ways and actually costing them millions of dollars in the payment of good money for part goods and the balance waste.

Considerable importance is attached to a rumor that comes from New York to the effect that J. Pierpont Morgan is leading a clique to smash Patten, the cotton speculator, because he bulls the cotton market and puts up the price. The Morgan movement is said to be in the interest of the stock market. How disinterested are the big business people!

A man at Oxford, N. J. is in a dangerous condition because he swallowed a small lot of glass which he got into his mouth by mistake. Strange that such a small amount of glass will kill one man when another over at Pittsburg gobbled up a whole glass factory and it didn't affect his health in the least.

Some men are willing to ruin others in order to build up themselves. That kind of spirit crops out plainly in political affairs every two years.

MARION BUTLER'S SCHEME.

A few days ago the Star got in possession of and published a circular letter which the Hon. Marion Butler is sending out from Washington into North Carolina as part of a campaign to capture the Republican leadership in North Carolina either for himself or for some one else whom he loves more than he does State Chairman Adams and other machine Republicans who dominate their party in the State. In noticing that scheme of the former Populist Senator the Charlotte Chronicle says:

"The Chronicle said some time ago that it was a sad day for the Republican machine in this State, when it loaded Butler into its baggage car. From that good hour to this, it has had neither sleep nor rest. He is a dynamite force—the Democratic party knows that to its sorrow. There is no place in any household in which he may be given the privilege of taking counsel. It does not matter that he broke his way into the Republican party. He was welcomed as a wild cat under the supposition that he could be domesticated, but he did not respond to the taming treatment, and to this day he has been clawing at everything within reach. Butler is now bent on capturing the Republican State convention and the chances are that he will do it. Should he succeed in mustering up a majority of the delegates, the convention to be held in Greensboro will be the most interesting in the history of the Republican party in the State, for it will mean the wreck of the party machine and its reconstruction on a model something along the ideas of Taft and Morehead. We are looking for much entertainment at the next convention of the Republican party in this State."

In his circular letter Senator Butler made a very severe attack on the Republican machine and he charged in it that a handfull of Federal officials take orders from the patronage bosses and are fighting to perpetuate themselves in office without regard to the success of the Republican party. Commenting upon the Butler programme to capture the State Republican organization and referring to Butler's attack on the Republican machine, the Greensboro Record says:

"All of which is gospel truth, but think of Butler in the role of patriot wanting to save his party! Put him in the saddle and we all know what would happen. His advice, as stated, is all right, though what he means by 'going to the primaries', we do not know, for if the Republican party in this State ever had a primary in reality we do not recall it. Their primary, as Mr. Butler knows, is a 'contrivance' controlled exclusively by the men in office. This is what galls the gentleman; he is not in office, therefore he has no more influence than a bob tail cat.

"In order to control the convention Mr. Butler must be in better shape than he was the last time he tried it. Blackburn's friends declared they would throw him out of the hall if he came in. This did not scare him, but it did scare his friends and they kept him away. This time he comes as the enemy of Adams; the other time he was his friend. Butler wants to 'hike' Adams, but he will have the time of his life doing it."

The indications are that Mr. Butler has a big fight on his hands and already such papers as the Charlotte Chronicle and the Greensboro Record observe that Butler's programme bodes no good to the Republican party in North Carolina. The Republican party evidently realizes that in swapping its present machine for one of Butler's making it will be swapping the devil for a witch that aims to do more for himself than he will do for the party.

It is hard to tell whether Taft or the insurgents are most frightened at the near approach of June 18th.

CURRENT COMMENT.

"Don'h you think that Harmon and Gaynor would make a fine ticket?" asks Melville E. Ingalls. They would. And so would Gaynor and Harmon. A good ticket either way, and a ticket fit to govern.—New York World.

The government is slowly proving that it is stronger than the trusts. The sooner the trusts themselves, from president down to office boy, recognize this potent fact and shape their conduct accordingly, the bette it will be for the trusts as well as for the nation.—Cleveland Plaindealer.

We fear that "Special Favor Dance" at Wilmington to the newspaper men is going to cause a mighty lot of explaining to the subscribers after the editors get back home. "Special favors" has two or three meanings in North Carolina just now, and especially up this way.—Greensboro Record.

Some funny things crop out in politics. A well known man in Tennessee ran on an anti-Bryan ticket two years ago and came so near getting in that he contested the election. In taking the evidence it leaked out that he had voted for Bryan all right. Of course this cooked his goose.—Greensboro Record.

Only of late has the profession of pharmacy attracted womankind. For some unknown reason, the mixing of drugs has been left to man alone. But some of the colleges of pharmacy are now turning out women graduates, more all the time, and there seems no difficulty in finding places for them. For some years the enforcement of our laws regarding the compounding of drugs was very lax, and many non-graduates were found to be handling life and death in the little prescription rooms of American drug stores. Some time ago the matter was investigated, with the result that the laws were more thoroughly enforced. For this reason there has been an increasing demand for really expert pharmacists, and the women who could fill the need were offered good places. Their deftness and conscientious accuracy have proved them valuable prescription clerks. The work is agreeable, and the course of preparation is an excellent education in itself. Some of the best colleges of pharmacy in the country receive women students, the course lasting two years, if the student's previous training has included one high school year.—Youth's Companion.

A correspondent of The Richmond Times-Dispatch, discoursing upon new opportunities which the new railroad from Fayetteville into Bladen county will afford Richmond jobbers, says that "the people of Elizabethtown, and of all Bladen county, as for that matter, are up in arms against Wilmington, and are anxious to hook on to Richmond." He is informed that the people of Bladen county, who depend upon Cape Fear river transportation, "have heretofore been completely at the mercy of the Wilmington wholesale men, and have had to pay extraordinary high prices for goods, and that they are now rejoiced beyond measure that the new railway is to enable them to hit a competing market, that is to say, Richmond." Frankly, we don't believe this, but even if it were true the people of Bladen county would grant Wilmington a sufficient opportunity to deal better. Wilmington and Fayetteville, between them, can probably keep Bladen supplied without much outside assistance. It is a remarkable commentary upon railroad rates in this section, however, that transportation development, or, indeed, any material development, should have importance, outside the immediate territory concerned, chiefly for points hundreds of miles away.—Charlotte Observer.

When it comes to the fruits of the earth, North Carolina is a great State. The point is made by the North Carolina Fruit and Truck Growers' Journal that from early Spring to late Fall, this State has fruit on the market. The strawberry is just off the market, but the dewberries and huckleberries are coming on and have already begun to move. The Journal reports that Irish potatoes and snap beans have also begun to go forward in carload lots and the prevailing prices at this time are quite encouraging for everything in this line, although potatoes are doing nothing as yet to brag on. The potato acreage in all the territory from Charleston to eastern shore of Virginia and Maryland is above the ordinary, but the yield is going to fall short of what was at first anticipated. The Journal says that the huckleberry crop is the largest on record, and the demands thus far have been rather in keeping with the magnitude and volume of the crop. This crop brings back hundreds and thousands of dollars into North Carolina every year and the same is true of the dewberry crop, which is largest in the Moore county district. This fruit is of a highly cultivated variety and is commanding good prices each season. As a matter of fact, we know of no finer fruit in the whole State of North Carolina than the Moore county dewberries. Of course, we all understand that the Sampson blues lead the world in the huckleberry kingdom.—Charlotte Chronicle.

MR. FETTER COMMERCIAL AGENT

Seaboard Air Line Opens Up-town Office With Mr. F. A. Fetter in Charge—Growing Freight and Passenger Traffic.

Mr. H. S. Leard, division passenger agent of the Seaboard Air Line, spent some time during the past week in the city on the important mission of arranging for an up-town office of the Seaboard in this city, the announcement of which comes simultaneously with the further announcement of the promotion of Mr. F. A. Fetter from the position of freight agent of the road in this city to that of commercial agent of the system in charge of freight and passenger service in Wilmington.

The up-town office of the Seaboard will be located central in the business section. At this office all information as to freight and passenger business in Wilmington will be given and Mr. Fetter will have headquarters there. Mr. Leard stated while in the city that the business of the Seaboard had grown to such gratifying proportions that the opening of the up-town office was imperative and that with the new office the company would be in a better position than ever to handle the traffic. He says the outlook for travel to the beach this season was never brighter and that the Seaboard would devote more time and attention to this traffic this year than ever before.

The promotion of Mr. Fetter to the new position of commercial agent in charge of freight and passenger traffic is a high compliment to his executive and general business ability. He has been in charge of the local freight agency for the past three and a half years and during this time he has increased the business more than a hundred per cent. with the affairs of the agency never in more promising condition for an even greater increase. He is popular with the people, energetic and with a grasp of business affairs that is vouchsafed to few young men of his years. Further announcement of the establishment of the new office and of Mr. Fetter's successor as freight agent will be made officially later.

Mr. Fetter will be succeeded as freight agent of the Seaboard by Mr. H. M. Carter, a native of Suffolk, Va., and for the past 12 years with the company, coming to Wilmington from the Hamlet transfer. He is expected to arrive tonight and will at once assume the duties of his new position. Shippers and the public generally will be glad to know that Mr. Herbert E. Goodwyn will continue with the Wilmington office as chief clerk and assistant agent. He has ably contributed with Mr. Fetter to the growth of the Wilmington business and his retention will give general satisfaction. The exact location of the up-town office will be decided upon in a few days upon the arrival of Mr. R. I. Cheatham, assistant general freight agent, and Mr. Leard, division passenger agent.

RUN DOWN BY BUGGY.

Little Girl Was Painfully Injured Late Saturday Afternoon.

Miss Margaret Evolyn White, the 13-year-old daughter of Mr. and Mrs. George M. White, No. 517 Chesnut street, was run over by a buggy in front of her home late Saturday afternoon and painfully injured about the left shoulder and other parts of the body. Dr. John Wessell was hurriedly summoned and rendered the necessary medical attention. He found that no bones were broken. Many friends will be glad to learn that the little girl was resting very comfortably yesterday and was able to sit up awhile during the day. With several companions the little girl was playing out on the side of the street and ran out in the street just as a white man was passing in a buggy at a rather high rate of speed. Although the driver must have noticed that he had run over the girl, he did not stop nor check his horse in the least, but kept on up the street at the same rapid rate. A little boy was also run over about the same time but he was only slightly bruised about the face. Several persons saw the accident and rushed to the assistance of the girl, and also notified Mr. White, who carried her into the house and hurriedly summoned the physician. Mr. and Mrs. White desire to return their sincere thanks to their many friends in the community who tendered every assistance possible.

Body of Colored Youth Recovered.

The body of Sim Dockery Hines, 11-year-old colored youth, who was drowned in the Cape Fear river from the wharf of Messrs. W. L. and R. A. Parsley, near Orange street, last Friday afternoon, was recovered Monday. The youth was a son of Samuel Hines. The body was interred in Oak Grove graveyard.

A LIBERAL OFFER.

Anyone Can Try Samose, the Remarkable Flesh-Forming Food.

When one of the leading druggists in Wilmington tells you that they sell a preparation which they so thoroughly believe in that they will refund your money if it does not do all that is claimed for it, it shows that the article must have unusual merits. It is in this way that J. Hicks Bunting Drug Co., is selling Samose, the remarkable flesh-building food.

This great discovery is destined to work a great revolution in treating the thin, the weak and the sick. There can be no doubt that it helps people who are weak and sickly, who are tired, and who have poor digestion, restoring them quickly to health and strength, and increasing the weight so that life is a pleasure and a joy.

Samose is in reality a concentrated food, and restores life and vitality at once to the blood.

Sent postpaid on receipt of price, 50 cents.

SUPERIOR COURT CONVENES

Regular Two Weeks' Term Began Yesterday Morning With Judge Cooke Presiding—One Case Tried During the Day.

Delayed for a day on account of the inability of Judge Chas. M. Cooke, of Louisburg, to arrive Monday, the regular two weeks' term of New Hanover Superior Court for the trial of civil matters convened at 10 o'clock yesterday morning. Judge Cooke held court last week at Kinston and the trial of a murder case extended over into the present week, hence he was unable to arrive in Wilmington in time to open court Monday.

The first case on the calendar for trial at this term was that of Smith & Gilchrist against D. K. Futch, which, it was announced yesterday, had been settled out of court and was therefore stricken from the docket. The remainder of the day was consumed in the trial of the next case on the calendar—Chas. S. Riley & Co., against W. T. Sears & Co. The action was brought by a number of laborers for money alleged to be due them for work from the defendant company, prior to the time the company went into the hands of the receivers, Chas. S. Riley, of Philadelphia, and Hon. John D. Bellamy, of this city. The Chas. S. Riley & Co., among the largest creditors of the W. T. Sears & Co., fought the action brought by the laborers, Herbert McClammy, Esq., appearing for the concern. The case went to the Supreme Court on a demurrer, which was decided in favor of the plaintiffs. The question at issue in the trial yesterday was as to whether or not the work alleged to have been performed by the laborers was done 60 days before the W. T. Sears & Co., Inc., went into the hands of the receivers. The plaintiffs were represented by ex-Judge E. K. Bryan and the law firm of Kenan & Stacy. The taking of testimony was concluded shortly after 4 o'clock, when argument of counsel was begun, Walter P. Stacy, Esq., for the petitioners, speaking first. He was followed by Herbert McClammy, Esq., for Chas. S. Riley & Co., and ex-Judge Bryan, for the petitioners, made the concluding argument. The case was given to the jupry as 5:45 o'clock and a verdict in favor of the petitioners was returned a few minutes later. Two issues were submitted as follows: "Was the labor performed by the petitioners and, if so, which ones, within 60 days next preceding the appointment of the receiver?" "What amounts are due the laborers for services performed within this period?" The jury made the following awards with interest from Feb. 12th, 1908: M. Pittman, $105.25; L. E. Woodberry, $85.75; J. W. Bullock, $77; L. B. Harrell, $80.45; F. W Sears, $64.80; R. L. Burton, $125; M. P. Costin, $50.90; Vick Austin, $8.64. There were originally a large number of other petitioners but it seems that their claims were adjusted.

The next case on the calendar is that of Sloan & Sweeney against Etta Hart, et al., and it is expected that it will be taken up this morning. The trial of this case will probably consume several days.

CONDITION OF STREETS.

Many Places Nearly Impassable—Obstructions Left in Highways.

Now that the Street Commission has been installed and its correlative powers with those of the Streets and Wharves Committee have been defined, it is being made the subject of remark in many places that the streets are in a deplorable condition, both following the work of the contractors in laying the water pipe and in many obstructions found here and there along the highways growing out of the general disorder following the new improvements. A gentleman yesterday in no spirit of captious criticism stated that it was well nigh impossible to get over more than one of the streets with a buggy or other vehicle without absolute danger of a break-down. Behind the waterworks contractors, the streets have been left in miserable condition and since this is the case, many other obstructions have been allowed left in the streets. A couple of carts and two hands could clean up many of these obstructions in a day and it should be the duty of some one to see that the contractors for the waterworks in some measure restore the streets to their former condition. The Civic Improvement League might well turn its attention to this condition of affairs and once the city set the example of a brighter, cleaner Wilmington, citizens would be inspired to follow suit much easier.

Complaint is also being made by residents of upper Princess street that with the inauguration of the full Summer schedule on the Tidewater Power Co., the dust nuisance has again become well nigh unbearable and it has been suggested that the city might enter into some co-operative agreement with the Tidewater Power Co., by which a car sprinkler might be run out on this line and the nuisance abated. The Tidewater Power Co., would no doubt meet the city more than half way in helping to abate a nuisance largely of its own origin until the street beyond Fourth can be more permanently improved.

With the opening of Summer and the influx of thousands of visitors sight-seeing, to say nothing of the comfort and safety of Wilmington's own citizens, these matters should receive prompt attention.

Harmful Medicines

cannot be sold by any druggist in America today except under penalty of the law. This is what the Pure Food and Drugs Law has accomplished for the people. Such standard preparations, however, as Lydia E. Pinkham's Vegetable Compound, which for thirty years has stood the test of time and complies with all conditions of this law, will continue to be sold by every reputable druggist in the land.

SHAKE-UP IN POLICE FORCE

Assistant Chief Burnett Reduced to Ranks and Sergeant Woolard Elected in His Stead—Two Privates Dropped.

A distinct sensation was created last night, when the Police and Fire Commission, in special session, with Charman Wm. E. Springer presiding and Messrs. Woolvin and French and Capt. John Barry, members of the board, and Acting Clerk C. H. White in attendance, announced a re-organization of the police department for the ensuing year as follows:

Chief—Nathan J. Williams.

Assistant Chief—C. W. Woolard.

Sergeants—G. W. Smith, E. J. Grimsley, H. W. Howell and C. E. Wood.

Privates—C. S. Burnett, C. G. Jones, Leon George, J. R. Minshew, M. L. Moore, A. D. Smith, M. A. Jones, W. F. Craig, W. R. Applebury, M. C. Huggins, J. H. Davis, T. W. Bullard, C. A. Bradshaw, A. L. Long, M. C. Gray, J. E. Parker, D. M. Saunders, W. C. Moore, H. P. Merritt, D. W. Coleman, W. G. Brinkley, T. M. Hall J. S. Lane, B. W. Jacobs, Frank George, Robert Green, E. L. Smith, G. E. Stevens, Jas. Jordan, J. H. Dew, H. G. Bullard.

The most important change was with reference to the office of assistant chief of police, Mr C. S. Burnett being removed from that position and reduced to the ranks and Sergeant C. W. Woolard elected assistant chief in his stead. This change necessitated the election of another sergeant, so Private C. E. Wood was elevated to the position of sergeant. It was stated that there was no charge whatever against Mr. Burnett, but that the change was made merely for the good of the department. Two privates, Messrs. T. G. Evans and E. R. Chadwick, who have been on the force for a long time, were dropped from the force, and the following four, who have been acting as substitutes, were elected as regular members: Messrs. T. W. Bullard, J. E. Parker, James Jordan and H. G. Bullard. There were two vacancies on the force before the action of the commission in dropping two members last night.

Chief of Police Wiliams made his report for the month of May and it is published in full in another column of today's paper. The report of Chief Chas. Schnibben, of the Fire Department, showed that during the month of May there were 16 alarms of fire with a total property loss of not exceeding $2,200.

Members of the fire department as at present constituted, were re-elected for the ensuing year.

The commission was in session only a short time, the changes in the police force having been practically agreed upon in conference.

The failure of the Commission to re-elect Assistant Chief Burnett will be a great disappointment to his many friends, who have always looked upon him as a particularly active, aggressive and painstaking officer. It is understood that the vote by which he failed of re-election, stood three to one the chairman alone being for his retention, and the other member of the body, Mr. R. A. Burnett, a brother of the Assistant Chief, being out of the city. Assistant Chief Burnett is not dependent upon his police duties for a livelihood and it is doubtful if he will accept the position in the ranks, having been an officer of the force for a number of years. It is stated that he already has a position that will pay him as much if not more than the office of assistant chief. His retirement from the force will be universally regretted.

DR. MARKHAM TO LEAVE.

Popular Osteopath to Return to State of His Nativity.

Dr. R. E. Markham, for the past four years a practicing osteopath in this city with offices and apartments in The Carolina, leaves this morning to spend his vacation amid the scenes of his boyhood in Kentucky and friends will regret exceedingly to know that it is not his purpose to return to Wilmington, having disposed of his large practice to Dr. J. W. Blackmer, who recently came here from Salisbury and located, later opening an office at Lumberton. Dr. and Mrs. Markham, after spending the Summer in rest and recreation in Kentucky, will go to Louisville in the Fall where they will be located in the future. They carry with them to their new home the very best wishes of a host of friends made during their four years' residence in Wilmington. They ave taken a prominent stand in church and social affairs of the city and Dr. Markham has been possibly the ablest exponent of osteopathy who ever practiced here. Their departure is much regretted and friends hope for many and frequent visits back to their home of adoption where both are very popular. Dr. Blackmer will take charge of the offices of Dr. Markham at once.

Kept The King at Home.

"For the past year we have kept the King of all laxatives—Dr. King's New Life Pills—in our home and they have proved a blessing to all our family," writes Paul Mathuika, of Buffalo, N. Y. Easy, but sure remedy for all Stomach, Liver and Kidney troubles. Only 25c. at Robert R. Bellamy's.

Take In That Newbern Excursion Monday, June 6th, Will be the Excursion of the Year.

The first excursion of the year to Newbern will be run over the Atlantic Coast Line by Thomas H. Knight, whose excursions are always a delightful treat. Don't let this opportunity to go to historic Newbern go by, but get in line and be counted among the happy throng of those who know a good thing, and enjoy a day of genuine pleasure among people whose hospitality is proverbial.

Train will leave Union Station at 7:30 A. M. and will leave Newbern on the return at 10:00 P. M.

The fare is so small that no one need miss it—only $1.50 for the round trip.

It will be a hard matter to find a better trip, especially when the cost is considered. ma 27-9t.

MONEY.

Deposited with the People's Savings Bank today and tomorrow will bear interest from June 1st. 2t.

HONORS AT THE UNION SCHOOL

Distinctions in Several Grades of Popular Wilmington School Read Yesterday Morning—Beginning of Commencement.

Preliminary to the beginning of commencement exercises at the Wilmington Schools, there was yesterday morning at the hour for assembly of the student body at Union School, a reading of the class distinctions for various grades during the term just ended. The reading of the distinctions was prefaced by a brief talk by Mr. Chas. W. Worth, whose interest in the schools knows no abatement. The roll follows:

Eighth Grade—Mrs. St. Amand, Teacher. Thelma Brooks, Caro Bell Blair, Hattie King, Katie Lee Merriman, Margaret Kingsbury, Virginia Milton, Katharine Manning, Jessie Harper, Walker Taylor, Charlie Grainger, Henry Haar, Charles Ellsworth and Roy Craig.

Eighth Grade—Miss Gibson, Teacher. Minnie Plowden, 98; Valira Thomas, 98; McCallum Plowden, 98; Gordon Thomson, 98; William Cumming, 97; Charles Wagner, 97; Louis Griffith, 96; Jimmie Bordeaux, 96; Henry Nurnberger, 95.

Seventh Grade—Sophia Kohler, Alberta Batson, Grace Darden, Lottie Fergus, Maude Owens, Ruth Parker, Ida Register, Genia Burris, Monnie Bullock, Winnie Frost, Victor Stonebanks, Frank Litgen, Norman Shepard, Percy Thorp.

Seventh Grade—Miss Bryan, Teacher. Gladys Carter, Olivia Hewlett, Mary Hall, Elizabeth Moore, Lucy Murchison, Cecil Rhodes, Lillian Solomon, Mary Louise stover, Kathryn Willingham, Ben Kaminsky, Thomas Stone.

Sixth Grade—Miss McKoy, Teacher. Annie Griffith, Edna Brown, Lillian McEachern, Edna McEachern, Inez Sidbury, George Tiencken, Letha Russ, Willie Fergus, Ruth Kohler.

Mexican Mustang Liniment

For Man and Beast.

It is the most economical remedy because it is made of oils and don't evaporate like alcohol liniments. It penetrates to the bone in a hurry and healing begins instantly.

One of our enthusiastic friends writes:

WAVERLY, ALA.

GENTLEMEN:—

I think **Mexican Mustang Liniment** one of the greatest medicines I ever saw, and always keep a bottle or so in my stables. I've never known a single instance where it failed to give satisfaction, and I have been selling and using it for 10 years.

Respectfully yours,
PAUL HOFFMAN.

Full directions with every bottle.

At druggists.

Three sizes, 25c., 50c. and $1.

LYON MFG. CO.,
41-45 South Fifth St., BROOKLYN, N. Y.

THE WATER SUPPLY.

Dr Akerman Submits Reports From State Laboratory on Condition.

In response to various inquiries received, Dr. Joseph Akerman, city superintendent of health, has submitted for publication a report of three analyses from the State Laboratory on specimens of water from the city waterworks recently drawn from the tap at the police station, the pump well at Ninth and Princess street and the pump well at the City Hall.

The analysis from the city waterworks system is as follows: "Odor, cold, 0; odor, hot, slightly aromatic; reaction, alkaline; chlorine, parts per million 7; nitrogen as nitrates, parts per million, 0.08; nitrogen as nitrates, very slight trace; colon baccilli in 1 cc. present; colon baccilli in 10 cc present; Total number of bacteria per cc 2,000." This analysis has the following endorsement by Dr. C. A. Shore, director of the State Laboratory: "We understand this to be taken from a tap from the city waterworks. This is the worst sample we have ever had from this source. It is examined each month. Would suggest the possibility of a dirty tap."

The analysis of water from the pump at City Hall is as follows: "Odor, cold, 0; odor, hot, slight; reaction, alkaline; chlorine, parts per million, 14; nitrogen as nitrates, parts per million, 0.04; nitrogen as nitrates, slight trace; colon baccilli in 1 cc., 0; in 10 cc,0; total number of bacteria per cc., 650. No pollution."

The analysis from the deep well at Ninth and Princess streets is as follows: "Odor, cold, 0; odor, hot, slightly earthy; reaction, alkaline; chlorine, parts per million, 32; nitrogen as nitraies, parts per million, 0.04; nitrogen as nitrites, 0; colon baccilli in 1 cc., 0; in 10 cc., 0; total number of bacteria per cc., 35. Good water."

THE RECORDER'S COURT.

Two Negroes Tried on Charge of Cruelty to Animals.

The cases of chief interest in the Recorder's court yesterday morning were against Sandy Williams and Daniel Washington, colored, charged with cruelty to animals and also damage to personal property. It was alleged that they hired a horse and buggy Monday from Mr. S. J. Davis' livery stable and drove the animal unmercifully and also damaged the buggy to the extent of about $10. The Recorder announced that he would suspend judgment upon payment of the costs provided the amount of the damage to the vehicle was paid, otherwise the defendants will go to the roads for three months each They had not arranged the amount of the costs and the damage to the buggy late yesterday afternoon. T. H. Alston, colored, who was fined $25 and taxed with the costs a few days ago for obstructing an officer in the performance of his duty, paid the amount yesterday morning. The trial of the false pretense cases in Justice Harriss' court have been continued until next week and in the meantime the preacher-tailor is in jail in default of bond. Rosa Thomas and Maud Lane, colored, were fined $5 each and the costs for drunkenness and disorderly conduct, and James Tisdale, colored, for disorderly conduct was assessed $5 and costs.

Marvelous Discoveries

mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders—Dr. King's New Discovery—to save life when threatened by coughs, colds, lagrippe, asthma, croup, bronchitis, hemorrhage, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. Its the surest cure. James M. Black, of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50c. and $1.00. A trial bottle free. Guaranteed by Robert R. Bellamy.

AUTOMOBILE INSURANCE.

Striking Example From Wilmington Made Use of by Big Company.

Readers of the Star will recall the recent burning of an automobile in front of the garage of the Wilmington Motor Car Co., and the prompt payment of the claim the following day by the Aetna Fire Insurance Co., represented in Wilmington by Col. Walker Taylor. The loss on this machine, practically total, was fully covered and a photograph of the ruins was made and forwarded by Col. Taylor to the home office. That the idea is an ingenious one is proven by the fact that this week Col. Taylor received a supply of cards from the Aetna people, presenting a photograph of the ruins of the automobile and a few facts pertinent to automobile insurance generally. The idea was a happy one and the cards being gotten out by the Aetna through Col. Taylor's agency afford a most striking illustration of why automobile insurance pays and why the Aetna has the best in its line.

MR. SULLIVAN BUYS.

Purchased Home of Mrs. Ella Weill on Market Street Yesterday.

Mr. W. R. Sullivan yesterday purchased the handsome residence of Mrs. Ella Weill, on Market between 17th and 18th street. The residence is one of the most beautiful in Carolina Heights. The house is a model of modern architecture in proportion and design. The interior is especially attractive. Mr. and Mrs. Sullivan will move to their new home at an early date. The deal for the property was made through the real estate agency of J. G. Wright & Son.

A Woman's Great Idea

is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c. at Robert R. Bellamy's.

Regular Interest Quarter.

SOCIAL and PERSONAL

Brief Mention, News of Societies, Meetings, Etc.

Miss Annie Worth is attending the exercises of commencement this week at The University.

* * *

Miss Bettie Nash, of Charlotte, arrived in the city yesterday to visit Miss Anita deRosset, 310 Ann street.

* * *

Mr. Chas. G. Hall, one of the popular New Hanover colony, at the A. & M. College, is at home to spend the holidays.

* * *

Mr. T. S. McManus, formerly of this city, now of Waldo, Fla., is spending a few days in the city with friends and relatives.

* * *

Col. John D. Taylor and daughter, Miss Fanny Taylor, have returned from a pleasant visit to Mrs. C. E. Borden in Richmond, Va.

* * *

Fayetteville Observer, 30th: "Mrs. J. H. Anderson returned today from Wilmington, where she attended the meeting of the Council of the Diocese of East Carolina and has since been visiting relatives."

* * *

Miss Charlotte Fennell leaves today for Greenville, N. C., where she will be one of the attendants at the James-Lipscombe wedding, which will be one of the early Summer social events of the season in Greenville.

* * *

The Woman's Foreign Missionary Society of Grace M. E. Church will hold its regular monthly meeting this afternoon at 5 o'clock in the lecture room. The ladies of the congregation are cordially invited to be present.

* * *

The regular monthly meeting of the Concordia Society will be held this morning at 10:30 o'clock in the vestry room of Temple of Israel. A full attendance of members is earnestly requested as business of importance will be transacted.

* * *

Miss Lina deRosset, who recently returned from Baltimore, where she received a teacher's certificate at the finals of the Peabody Conservatory of Music, was the only one of her class chosen to instruct in the preparatory department of the conservatory. She will return to Peabody next year.

* * *

The regular monthly meeting of the Whatsoever Circle of the King's Daughters and Sons was held Monday afternoon at the home of Mrs. Clarence Mattingly, No. 401 South Sixth street, with a large attendance. Interesting reports were received from the delegates to the State convention held recently at Rockingham and some business matters of importance to the organization were discussed.

* * *

Mr. Wiley Smith Whitehead, will graduate with honors at Nazareth Military Academy, Nazareth, Pa., next week, having been selected as valedictorian for the occasion. Mr. Whitehead, who is only 19 years old, is a son of Mr. and Mrs. Z. W. Whitehead, of this city, and his many friends will learn with much interest and pleasure of his rapid progress at the school, where he is very popular with the faculty and student body. Such distinguished men as Attorney General Wickersham, of President Taft's Cabinet, and the Hon. Geo. B. Cortelyou, of Roosevelt's Cabinet, are graduates of this academy. Attorney General Wickersham will deliver the address at the commencement exercises of the school next week.

LOCAL DOTS.

—The regular weekly prayer meeting will be held at Immauel Presbyterian Church tonight at 8 o'clock. All members of the congregations are urged to be present and all others are invited.

—"A Broken Shell" a modern society drama with a Shakespearean embellishment, delineated in a vision indescribably ingenious in its motive and construction, is the title of the feature picture that will be shown at the Bijou theatre today.

—During the month of May there were issued from the office of the Register of Deeds 33 marriage licenses, 16 to white couples and 17 to colored, against 35 for the month of April, when 19 were issued to whites and 16 to colored.

—The Seashore Hotel opens regularly today for the reception of guests and a number of reservations have already been made. Mr. Will Pennington, of Tarboro, arrived last night to take up his duties with the other clerical force at the hotel.

PERSONAL PARAGRAPHS.

—H. D. Williams, Esq., of Duplin, a leading candidate for solicitor in this district, is in the city shaking hands with his numerous friends here.

—Fayetteville Observer of 30th: "Mr. Chas. H. Cagle leaves Thursday for Wrightsville Beach where he will assume the management of the Tarrymoore Hotel this summer."

—Alderman F. W. Bonitz returned yesterday morning from Raleigh, where he attended the commencement exercises of the A. & M. College, from which institution he graduated some years ago. Mr. Bonitz says that the commencement was the greatest in the history of the college and that he sees a great future for the A. & M.

Reports From World's Convention.

At the regular weekly prayer meeting service at the First Baptist Church tonight interesting talks will be made by the pastor, Rev. Dr. J. H. Foster, and Mr. G. E. Leftwich, superintendent of the Sunday School, relative to the recent World's Sunday School convention held in Washington, D. C. The remarks of the speakers will be of general interest to the congregation and the public is invited to attend.

36 "NEAR-BEER" LICENSES

Granted by Aldermen at Rather Lively Session Last Night—31 Less Than Formerly—Mayor and the Police.

The Board of Aldermen in special session for two hours and a half last night, during which there were some spirited discussions, granted 36 near-beer licenses under the new tax ordinance and restrictions, passing favorably upon every application before the body for such privilege. This means a decrease of 31 near-beer saloons for the present fiscal year, unless others make application later, as there were 67 near-beer places up to midnight last night. However, the city will get in revenue from near-beer saloons this year $4,100 more than last year, the tax having been increased from $100 to $300.

Licenses were granted to the following to conduct near-beer saloons: Geo. Schnibben, No. 1120 North Seventh street; W. B. Crumpler, northeast corner of Front and Orange streets; M. H. Kelly & Co., corner Second and Princess; Elmer B. Snipes, No. 720 Walnut; L. F. Rivenbark, No. 424 North Nutt; P. C. Farrow, No. 8 South Second; J. W. Costin, 523 South Seventh; E. A. Todd, 319 Nutt; J. J. Warters, 601 Castle street; Ralph Kennedy, 102 North Water; J. A. Westbrook, 1120 North Fifth; N. E. Gallagher, southeast corner of Water and Princess; T. C. Rhodes, southeast corner Water and Grace; Gieschen Bros., 418 North Front; J. E. Taylor, 802 Castle; M. H. Croom, 13 Market; J. L. Bolton, 828 North Fourth; J. L. Bolton, 1022 North Fourth; F. P. Lamb, 522 McRae; E. L. Starkey, No. 6 North Water; John W. Welch, agent for brewers, No. 7 Chesnut street; J. H. Brunjee, 925 North Fourth street; D. W. Willis, 115 South Front; N. E. Farrow, 202 North Seventh; Jurgen Haar, 401 North Front; W. C. Boesch, 801 North Fourth; E. M. Cheek, No. 6 South Front; Godwin & Holton, 17 Princess John C. Boesch, No. 31 South Front; J. N. Bennett, No. 1 Market; M. L. Starkey, 119 Princess; F. W. Ortmann, Jr., No. 17 North Second; Richter & Schuler, 113 Princess; J. T. Newman, 22 Market; Sternberger Bros. 414 North Front; Chas. Richter, 928 North Fourth.

The action on the applications for near-beer licenses was taken toward the close of the session. When the names of the applicants, each one of whom was recommended by three nearby property owners, were read, Alderman Willard moved that they be tabled and that the board give further consideration to the matter before taking final action. The motion was voted upon and lost by a narrow margin. The names were again read by Clerk John J. Fowler, after which the board, by a vote of six to three, granted a license to each applicant.

The board met at 7:40 o'clock with Mayor MacRae presiding and all the members present except Alderman Rehder. Hon. John D. Bellamy appeared before the board in behalf of a number of restaurants, boarding house and hotel keepers and asked that section 5 of the ordinance governing near-beer places be modified so as to permit bona-fide hotels, restaurants and boarding houses holding near-beer licenses to remain open all night and on Sundays, provided the near-beer departments are closed between the hours of 11 P. M. and sunrise and on Sundays. Alderman Hinton, who introduced the ordinance, said that it was not the idea of the board to force bona fide restaurants, etc., holding near-beer licenses to close at 1 P. M. every night and on Sundays. The matter was discussed at some length and a majority of the board seemed to be in favor of modifying the section referred to in accordance with the request of Mr. Bellamy, who read two proposed ordinances, either one of which, he said, would cover the ground. However, the board did not exactly favor either and requested City Attorney McClammy to make a draft of an ordinance.

While the city attorney was engaged in writing out the proposed ordinance the board heard from Thos. D. Meares, Jr., Esq., with reference to a claim of Mr. W. H. Todd, who was injured by a fall from a bicycle on Second street some weeks ago, Mr. Meares stating that he did not desire to bring suit against the city if the matter could be satisfactorily adjusted with the city authorities. He asked that the matter be referred to a committee and the city attorney for investigation. Upon motion the Finance Committee and the city attorney were requested to investigate the city's liability in the premises and make report at a later meeting.

City Attorney McClammy then read the proposed ordinance, designed to permit restaurants, hotel and boarding houses within a given territory, to keep their places open at all hours, provided no near-beer, beerine or other beverage were sold, given away or served between 11 P. M. and sunrise and on Sundays. It seemed to meet with the approval of a majority of the members, but—just then an unofficial message was received by members of the board that the Police and Fire Commission had reduced to ranks Assistant Chief of Police Burnett, which completely changed the attitude of some of the members who were favoring the modification of the ordinance. The vote on the ordinance was taken and voted down almost unanimously, Aldermen Hinton and Yopp being the only two noted that voted in the affirmative.

Clerk Fowler read communications from the Board of Audit and Finance informing the board of the action of the former body on the several features of the budget and tax ordinance. Among other things contained in the communication was the action of the Board of Audit and Finance refusing to make an appropriation for the purchase of equipment for scavenger work as proposed by the Board of Aldermen, who decided some weeks ago that this work should be done henceforth by the city. Alderman Bonitz made a stirring speech after the reading of the communications. He said that it looked to him as if the different commissions were trying to bring the Aldermen into contempt and that it was time for the Aldermen to stand up and assert their rights. He said the Board of Audit and Finance had declined to concur in the appropriation for the scavenger equipment because that body wanted the work done by contract and, then, after referring to the fact that the Police and Fire Commission had reduced to ranks one of the best police officers on the force, Alderman Bonitz charged that politics was figuring in all the deals and that the Aldermen, like weaklings, were standing silently by and saying and doing nothing. He declared that he would not stand for such things and would register his vote against it. He said that he voted for a license tax of $300 on near-beer saloons, but that if some of the city officials, as indicated to his mind, by recent actions, were in league with the near-beer saloons, he would vote for an increase to $3,000 a year. Alderman Bonitz said that if the Police and Fire Commission was going to take off good men without any excuse for such action, he would favor cutting off entirely any appropriation to the department. He was reminded by a member of the board that the Aldermen had nothing to do with making the appropriation for the police department, to which he replied that if the Aldermen instructed the City Clerk and Treasurer not to pay out the money he would not do it. He urged the Aldermen to stand with him and help defeat the scheme to let the scavenger work out by contract.

Alderman Hall said that the speech of Mr. Bonitz sounded good to him, but that the work of the city had to go on and it would be just as well for the Aldermen to approve of a great many things they did not exactly favor. For instance, the Finance Committee had not recommended a reduction of the tax rate, but he concluded that three bankers on the Board of Audit and Finance had as much business sense as three business men on the Finance committee and as the Board of Audit and Finance had investigated and found that a rate of $1.30 would be sufficient he was in favor of the reduction. Alderman Bonitz stated that the reduction in the tax rate was recommended by the Board of Audit and Finance in order to be able to say to the Aldermen, when appropriations are asked for, there is no money available.

"Washed Hands of Police."

Mayor MacRae arose and stated that he wanted to give all fair warning that he had "washed his hands of the police." He said that he heard unofficially that Assistant Chief Burnett had been discharged, or reduced to a private, and if such was the case he would have nothing further to do with the police. He declared that he would not be used as a tool. Burnett, he said, was a good, all round, sober man, but might have been a little too zealous in the performance of his duties. Just before adjournment the board upheld the Mayor in his determination to have nothing further to do with the police.

Upon motion of Alderman Hinton, seconded by Alderman Stone, the recommendation of the Board of Audit and Finance that the tax rate be fixed at $1.30 for the fiscal year was adopted. Alderman Bonitz called attention to the fact the budget as adopted by the Board of Audit and Finance made no provision for work by the Streets and Wharves department and upon motion of Alderman Ellis the Streets and Wharves Committee was instructed to proceed with its work as heretofore. Alderman Yopp moved acceptance of that part of the budget relating to the building committee. The motion prevailed. Upon motion of Alderman Hinton the budget was accepted as to the Water and Sewerage Committee. Alderman Hinton stated that it had been reported that several cases of typhoid fever had been caused by drinking the city water. Upon motion of Alderman Hall the Board of Audit and Finance was requested to hear Capt. Metts, of the W. L. I., before passing finally upon the appropriation for military. The budget as it relates to the Market Committee was accepted upon motion of Alderman Fales, chairman of that committee.

Hon. John D. Bellamy asked the board to reconsider its action in voting down the ordinance to modify the restrictions placed around the near-beer places. Alderman Willard made a motion to reconsider and the same received a second, but the motion was lost by a vote of five to four. Licenses to conduct restaurants were granted as follows: Ralph Kennedy, J. T. Newman, M. L. Starkey and J. N. Bennett. Joseph Horowitz was granted a renewal of his license as a junk dealer on South Front street.

Alderman Bonitz brought to the attention of the board the fact that the scavenger licenses would expire at midnight and no provision had been made for renewals, the tax being stricken from the ordinance. Upon motion of Alderman Willard the board adopted the recommendation of the Board of Audit and Finance that the city not engage in the scavenger business and the same license as heretofore be required of the firms engaged in such work. The vote stood—ayes, Yopp, Ellis, Hinton, West and Willard; nayes—Bonitz, Stone and Fales.

Dr. Joseph Akerman, city superintendent of health, was asked to make a statement relative to the last analysis of the city water. He explained that the analysis showed the water to be contaminated. The analysis in full is given in another column of today's paper. Dr. Akerman stated that the Board of Audit and Finance had asked the Board of Aldermen to define the duties of the city superintendent of health and that he would like to tell the board something of his work if it desired to hear him. The board heard Dr. Akerman with evident interest and they were satisfied, when he had finished, that he was giving to the city as much, and probably more, of his time than could reasonably be expected for the salary paid. Dr. Akerman said that some confusion had arisen with reference to duties of the city and county physician and explained that when he accepted the position he understood that the county physician had charge of the outdoor poor. Occasionally, when the county physician is absent, Dr. Akerman attends such patients and writes prescriptions which are filled at the county dispensary through the courtesy of the county physician, and Dr. Akerman called attention to the fact that if the city should decide to care for the outdoor poor in the city an appropriation for medicines, etc., would be required. Dr. Akerman told in detail something of his work as city superintendent of health and when he had concluded Alderman Ellis, chairman of the sanitary committee, said that he did not know before that the city superintendent of health had so much on his shoulders and that he was fully satisfied with the statement as to the duties of the office. Upon motion of Alderman Hall Dr. Akerman was requested to reduce to writing his remarks and hand same to the clerk to be transmitted to the Board of Audit and Finance.

Without taking any action on other features of the budget as adopted by the Board of Audit and Finance, the board adjourned at 10 o'clock.

Free Liver Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient gastric juices it becomes sluggish, and in this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the sallow complexion, the pimply face, the dull pain in the forehead, the thinning of the blood, etc. A very quick and sensible way to stop the trouble as well as to cure it is by the use of Dr. Caldwell's Syrup Pepsin, which contains ingredients especially intended to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his remedy, and who are glad to make the facts public so that others can help themselves, are Mr. Jas. Kennedy, St. Louis, Mo.; Mrs. S. A. La Rue of Smith's Grove, Ky., and many others.

These, like thousands of others, started the use of Syrup Pepsin with a sample. If you will send your name and address you can also obtain a free trial bottle. This will prove to you that liver trouble is promptly cured with this remedy or money will be refunded. Having tried it you can then buy it in the regular way of your druggist at fifty cents and one dollar a bottle, and the latter is sufficient for an entire family.

This remedy is a vast improvement over cathartic tablets and salts, which only do good for the time being. Syrup Pepsin is permanent in its results, is pleasant to take and does not gripe. It is especially good for all those who cannot stand a violent purgative.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 525 Caldwell building, Monticello, Ill.

Feet So Sore Couldn't Walk Down Stairs—

TIZ Cured Her Quick.

If you have sore feet, tired feet, sweaty feet, lame feet, tender feet, smelly feet, corns, callouses or bunions, read what happened to Mrs. Crockett, of Jeffersonville. TIZ DID IT. Mr. Crockett says: **"After the second treatment she walked downstairs one foot at a time. She has not been able to walk downstairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes."**

No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25c per box, or direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

LAND OWNERS AT BURGAW.

Those From Lyon Swamp Drainage District Before Clerk of Court.

The final hearing of the land owners of the Lyon swamp drainage district of Pender and Bladen counties was held yesterday at Burgaw and was attended among others by Mr. B. F. Keith, of this city, who is one of the promoters of the project. The hearing was before the clerk of the court of Pender.

This is considered the final step preparatory to beginning the work. There is a large area to be reclaimed by the proposed drainage and much interest is being taken in the work by people in that section. If no complaints arise to hinder the progress of the work, the land will be classified within the next few weeks.

Ladies Use One-Half.

It's hard to believe that Blue Ribbon Lemon and Vanilla Extracts go twice as far as ordinary flavoring extracts, but such is the case.

It May Be Your Husband

MAYBE you sit at home at night by the window and keep up the lonely vigil. Maybe on evenings when he is a trifle late you have your fears and misgivings. Maybe there are friends with you and you fear the humiliation of his coming home inebriated.

Why not take away the awful shadow? You *can*. Send him to us at the Greensboro Keeley Institute. Have him spend a vacation amid surroundings where science and nature have combined to make a new man of him.

It will end the worry and despair, and he will return to you with a brighter eye and firmer step. A man in every sense of the word—the real, real man that you married. Our book gives you every detail.

W. H. OSBORN, President

THE KEELEY INSTITUTE Greensboro, North Carolina

BIG MUSICAL EVENT TONIGHT

Wilmington Will Turn Out En Masse for First Concert Given Under Auspices of the Choral Society.

The Wilmington Music Festival, under the auspices of The Choral Society, begins tonight and Wilmington will turn out en masse for the opening event. Judging from the advance sale of tickets there will not be a vacant seat in the Academy of Music either tonight or tomorrow night and those who have not yet secured their tickets would do well to attend to the matter early this morning. The box sheet is open at the shoe store of Messrs. Geo. R. French & Sons, North Front street.

The last rehearsal was held in the Academy of Music last night and those capable to judge say that the music lovers of Wilmington have great treats in store for them tonight and tomorrow night. The concert tonight will be given principally by the Festival Orchestra of 16 pieces, under the direction of Prof. J. F. Kneisel, and a fine programme of high class music has been arranged. Mrs. Horace R. Dowell, a soprano singer of wide reputation, will be the soloist. Mrs. Dowell has been heard by a number of Wilmington music lovers and they are satisfied that she will captivate her audience with her charming voice. Tomorrow nihtg "The Rose Maiden" will be rendered by the festival chorus of 70 well trained voices, under the direction of Mr. E. H. Munson. The festival promises to be a brilliant success in every way and the large attendance will encourage the promoters to even greater things next year.

SUIT AGAINST TIDEWATER CO.

Men Who Were Dismissed From Service Ask for Month's Wages.

Under the master and servant act Messrs. C. C. Lore, L. K. Murray, G. D. Norris, S. W. Wescott and R. P. Stringfield have brought suits in Justice Harriss' court against the Tidewater Power Company for an amount aggregating $250, each one suing for $50. The plaintiffs claim that they were engaged by the Tidewater Power Company to work as conductors and motormen until September 1st; that they worked several hours each day when they first entered the employ of the company and when not assigned to regular work were told that they were still employed; that they were dismissed Monday without any reason being given. They now bring suit for a month's wages each under the master and servant act. The cases will probably be heard this afternoon. Thos. D. Meares, Jr., Esq., appears for the plaintiffs.

FIRST BAPTIST SUNDAY SCHOOL

Annual Outing at Wrightsville Beach Yesterday—Big Crowd.

Nearly 600 members of the Sunday School of the First Baptist Church had their annual outing at Lumina, Wrightsville Beach, yesterday as guests of the Tidewater Power Company, and the day was delightfully spent by all. More than 500 went down yesterday morning on special cars and something like a hundred went to the beach later in the day. The party was in charge of Mr. Geo. E. Leftwich, superintendent of the school, and he was untiring in his efforts to make the day a pleasant one for all. Rev. Dr. J. H. Foster, pastor of the church, accompanied the party and shared in the pleasures of the day. The children returned to the city on special cars at 7 o'clock last evening.

Lumina, June 4th.

U. C. T. night at Lumina. Don't miss it. **

EXCITED BREAK IN COTTON

July Contracts 74 Points Below Closing Figure of Last Week—Southern Bull Leaders Gave Support—Other Notes.

New York, May 31.—There was a sensationally excited break in the cotton market during today's trading, July contracts selling off to 14.18, or 74 points below the closing figures of last week, and 161 points below the high level of the month. The close was steady at a decline of 37 to 60 points for the day. The market opened easy at a decline of 5 to 19 points under liquidation and bear pressure inspired by easy cables, good weather over the holidays, rather better private condition reports than anticipated, and apprehensions that the further weakness of grain would lead to a renewal of heavy selling by Chicago interests. Inside of the first half hour prices broke to net loss of about 20 to 28 points. Southern bull leaders gave the market support on this decline and seemed particularly desirous of holding up May. But there was evidently no belated short interest covering. On the other hand, May was offered by people who had cotton to deliver on spot and in spite of bullish efforts May went out at the lowest point of the movement or around 14.61. Right afterwards the whole list broke in a sensational way, heavy Western selling being attributed to Mr. Patten or his friends and before the decline was checked July sold at 14.18, or 74 points net lower while the new crop showed a net loss of from 47 to 55 points. Covering caused a rally of from 18 to 22 points during the last hour, but there seemed to be little support from bullish sources. The National Ginners' Association reported a condition of 80.2 comparing with 80.9, the ten-year average. Reports issued on acreage range from an increase of a little over 1 per cent. to an increase of 3.3 per cent. The government's report will be issued on Thursday.

Receipts at the ports today 10,232 bales against 10,672 last week and 11,833 last year; for the week 55,000 bales against 56,293 last week and 60,739 last year. Today's receipts at New Orleans, 5,476 against 726 last year, and at Houston 815 bales against 2,138 last year.

Spot closed easy, 80 points decline. Middling uplands 14.50; midling gulf 14.75; sales 65,000. Futures opened easy and closed steady.

LIVERPOOL COTTON.

Spot in Fair Demand at Prices Two Points Lower.

Liverpool, May 31.—Spot cotton in fair demand, prices two points lower. American middling fair 8.54; good middling 8.24; middling 8.10; low middling 8.00; good ordinary 7.74; ordinary 7.49. The sales of the day were 10,000 bales of which 500 were for speculation and export and included 9,500 American. Receipts 14,000 bales, including 13,500 American.

Futures opened steady and closed barely steady. June 7.74 1-2; June and July 7.65 1-2; July and August 7.69 1-2; August and September 7.30 1-2; September and October 6.87 1-2; October and November, 6.66; November and December 6.56 1-2; December and January 6.54; January and February 6.52 1-2; February and March 6.51 1-2; March and April 6.50 1-2.

COTTON SEED OIL.

New York, May 31.—The cotton seed oil market was steady early on small offerings but prices were easier late under moderate western selling and on the decline in cotton and lard, closing at unchanged to 10 points decline with sales of 4,400 barrels. July 7.88 to 7.89; September 7.35 to 7.87; October 7.32 to 7.36; December 6.50 to 6.51. Prime crude nominal; prime summer yellow 7.90 to 8.00; do white 8.00 to 8.30; prime yellow 8.00 to 8.50

VOLUME OF DEALINGS EXPANDED

Descending Range of Values—Effect of Department of Justice's Ruling on Freight Rate Question—Retrospect of Market.

New York, May 31.—The volume of dealings in the stock market expanded again today on a descending range of values. The decline became precipitate when it was announced that the Department of Justice was to apply for an injunction to restrain the proposed increases in freight rates by Western railroads, which was to go into effect tomorrow. Prices had sagged from the outset, but on a much less active market than after this news became known. Prices closed at about the lowest of the day.

A retrospect of the market for May shows that the prospect of increased rates by the railroads played an important part in the comprehensive advance in prices of stocks in that month. The liquidation which developed today was believed, therefore to follow from the speculative movement begun in the first part of May.

The persistence of the liquidation occasioned greater influence by reason of the ignoring of implications of the sharp decline in cotton and wheat. Good promise for the coming harvests was the inference from the heavy selling of the commodities, from which nothing but favorable auguries for values of securities could be drawn.

The intended increase in rates was made the instrument for lifting prices of stocks and the occasion for an extensive speculation for the rise. The re-sale of these accumulations with the programme endangered came as a natural consequence.

Bonds were easy. Total sales par value $2,102,000.

United States bonds were unchanged on call. Total sales stocks today 786,100 shares.

THE MONEY MARKET.

New York, May 31.—Money on call firm 3 to 3 1-2, ruling rate, closing bid and offered 3 1-4. Time loans dull and steady. Sixty days 3 1-2 to 3 3-4; ninety days 3 3-4 to 4 per cent., six months 4 to 4 1-4. Prime mercantile paper 4 3-4 to 5 1-4. Sterling exchange steady with actual business in bankers bills at 4.8425 to 4.8435 for sixty day bills and at 4.8735 for demand. Commercial bills 4.83 3-4 to 4.84 1-4. Bar silver 53 1-2; Mexican dollars 44.

THE GRAIN MARKET.

Chicago, May 31.—Weakness in the stock and cotton markets were last straws today in the backs of the staggering bulls in the wheat pit. Exceptionally bearish foreign quotations did the rest. Compared with Saturday's final figures, the close was at a loss of 1-4 to 1 3-4. Corn showed a gain of 1-2 to 1 1-8c. Oats finished 3-4 lower to 1-4 higher and provisions were down 2 1-2 to 20 cents.

Cash grain—Wheat No. 2 red 99 to 1.02; No. 3 red 94 to 96; No. 2 hard 97 to 99; No. 3 hard 91 to 95; No. 1 northern 1.03 1-4; No. 2 northern 97 to 1.01; No. 3 spring 90 to 99.

Corn—No. 2, 57 1-4 to 57 1-2; No. 2 white 60 to 60 3-4; No. 2 yellow 58 to 58 1-2; No. 3, 56 to 57; No. 3 white 57 to 60; No. 3 yellow 57 to 57 3-4; No. 4, 52 1-2 to 57; No. 4 white 52 1-2 to 56; No. 4 yellow 52 1-2 to 56.

Oats—No. 2, 36 1-2 to 37; No. 2 white 39 1-4; No. 3 white 35 1-2 to 37 1-2; No. 4 white 34 to 36; standard 37 1-2 to 38.

DRY GOODS MARKET.

New York, May 31.—The cotton goods market was quiet during the day in consequence of the break in the speculative markets. Yarns are firmer and spinners are turning down orders that show losses. Men's wear is generally quiet.

HUBBARD BROS. & Co.

Many Selling Orders Brought Decline in Cotton.

(Special Star Telegram.)

New York, May 31.—Although Liverpool advices were considered fully equal to the close of our market on Friday, the good weather over the holidays and the decline in the price of staples in the West brought many selling orders at the opening and a decline began which did not stop until the lowest point since the first of March was touched. The reason for this break appeared to be the idea that cotton could not be maintained at high prices no matter what scarcity may result from the small supply when other commodities were declining. We thought that the decline would be checked by the demand from spinners' brokers before it was as England has so small a stock of cotton that they must obtain cotton from here in large quantities to run the mills. The National Ginners report was construed as bearish and as foreshadowing the Government report on Thursday next.

HUBBARD BROS. & Co.

WILMINGTON MARKETS.

STAR OFFICE, May 31.

SPIRITS TURPENTINE—Market, nothing doing.

Scared Into Sound Health.

Mr. B. F. Kelly, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley's Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress." Robt. R. Bellamy.

SEALED PROPOSALS.

Will be received at the Mayor's office until noon, June 11, for furnishing the City of Wilmington with labor and materials as specified below for the year ending June, 1911.

1. Feeding and shoeing mules and horses for such number as the city may employ; also care of carts and harness.

2. For lighting the City with gas, oil, and electricity.

3. For lumber per thousand feet, of merchantable quality and as required.

4. For printing, stationery, and advertising.

5. For lighting and repairing gas and oil lamps of the City and furnishing oil for the latter.

6. For brick, lime, ice, coal (best anthracite and bituminous), cement, and terra-cotta pipe.

7. For crushed stone for street repairs and for granite curbing.

The right is reserved to reject any and all bids.

WALTER G. MacRAE,
ma 11 we sa su to ju 11. Mayor.

Clothing Sale

I have decided to sell my stock of clothing at great reduced prices. We handle several noted brands that are sold to men and boys, and among them we sell Adler's Rochester Clothing for men, we will sell the $27.50 value in new up-to-date goods for men for $17.50. The $20.00 value for $14.00 and other styles in proportion. The Adler Rochester Bros. suits are the height of perfection in style, fit and material. They wear and look well twice as long as an ordinary suit. These suit never sag or wrinkle in the front or break in any way. I am selling this grade of clothing at this price more to introduce them than anything else.

We have on hand about 100 men's all wool cashimer suits, the prices of these suits have been greatly reduced. We are selling our $9.00 suits for $4.98, Men's Fancy Worsted $10.00 suits for $6.38 and other suits in proportion to these.

A Special Sale on Men's Pants. We are selling our $1.50 pants for 86 cents special. Our $2.00 pants for $1.08. In Men's pants we sell quite a large variety, and we have as nice assortment as you can find anywhere and prices below competition.

We are selling boys' suits as low as 58 cents. A real nice Wash suit for 68 cents each. A nice high grade worsted Suit for $2.56.

UNDERWEAR

Men's and Boys' nansook underwear for 23 cents each. A fine line of men's silk finish balbriggan underwear made of lisle thread $1.00 quality at 50 cents each, just half price. Ladies' undervests full sizes 5 cents each. In our Big Clothing Store we have made up our mind to cut the prices and unload the goods in season, as it is now in the Spring of the year when the people are buying clothing and I want to move mine.

Remember This

We are offering you seasonable clothing at out of the season prices. Come and see the goods and judge for yourselves whether they are rich values and great bargains. To buy the clothing at half price is a big saving to you, to sell at that price means a big loss to me. I make this offer to help you out as well as myself. Come to Gaylord's Clothing Sale as we have everything in the Clothing Department.

PINK FRANKLIN TO HANG.

South Carolina Negro Whose Case Was Carried to Supreme Court.

Washington, May 31.—Prink Franklin, the South Carolina negro whose conviction of the murder of special Constable Valentine lead to an attack on the so-called labor contract laws of the South, will suffer the death penalty, according to the decision today of the Supreme court of the United States.

It was claimed by Franklin that the constable came to his home at night and entered without announcing himself as an officer of the law. It was while in Franklin's cabin that Valentine was mortally wounded by a shot.

Former Attorney General Bonaparte became interested in the case and after the colored lawyers for the condemned man had appealed the case to the Supreme Court of the United States, Mr. Bonaparte filed a brief in Franklin's behalf. He contended that Franklin had a right to resist arrest, which was sought to be made on a warrant issued under an unconstitutional law. This law was the so-called "labor contract law" which provided that agricultural laborers under contract to work were guilty of misdemeanors if they break their contracts after receiving wages in advance. Mr. Bonaparte denounced this law as an attempt to reduce the negroes of the South to captivity.

Justice Day in announcing the decision, said the court could inquire only into Federal questions. He said the question of resistance of arrest under an unconstitutional law was not raised in time in the State court.

COTTON BUYERS PROTEST.

Against Demand That Cotton be Shipped on Port Bills of Lading.

Atlanta, Ga., May 31.—For the purpose of appointing a representative to go to London to protest against the demand that all Southern cotton be shipped on port bills of lading, the Southern Cotton Buyers Association will hold a meeting here next Tursday. The representative of the association probably will be authorized to propose a surety company as protection for the through bills of lading as now used.

The present demands of foreign bankers is the result of recent failures of two Southern exporting firms, Knight, Yancy & Company, of Decatur, Ala., and Steele, Miller & Company, of Corinth, Miss., by which the foreigners lost in the neighborhood of $7,000,000.

It is claimed by bankers of the inland cities that if port bills of lading are required, it would be impossible to do any amount of business from interior cities, with Galveston, New Orleans, Savannah, Mobile and other points practically controlling the cotton export business of the South.

The question was discussed at a meeting of the banking committee of the Atlanta Chamber of Commerce today and recommendations will be laid before the Cotton Buyers Association at its meeting Thursday.

FIRE AT KENLY.

Dennis Simmons Lumber Plant Badly Damaged on Sunday.

Wilson, N. C., May 30.—Sunday afternoon last, between one and two o'clock, fire broke out in the large saw mill of the Dennis Simmons Lumber Company at Kenly, entailing a loss of $50,000, on which there was but $25,000. All of the expensive up-to-date machinery, including the three-story saw mill, boiler and pump houses went up in smoke. The lumber sheds and dry kilns were saved. The origin of the fire is unknown. Besides the heavy loss to the company, two hundred and fifty men will be thrown out of employment for three or four months.

This is not the first loss the company has had at the Kenly plant. Last spring the dry kilns were struck by lightning and the company at that time suffered.

From Wilson to Kenly in an air line, the distance is about fifteen miles and the smoke from Sunday's fire was plainly seen from this city.

WILL ROSS ESCAPES.

Negro Charged With Fort Mill Attempted Assault Leaves Hospital.

(Special Star Correspondence.)

Charlotte, N. C., May 31.—Will Ross, the negro shot here last week by an officer from Fort Mill, S. C., as he was escaping from the latter town after an attempted criminal assault upon the daughter of Mr. Jim Bailes, made his escape from the Good Samaritan Hospital this morning at an early hour. It was not thought that Ross could escape with a bullet through him, but this morning he slipped out and no trace of him has been found. The bullet entered from behind the right side and came out near the nipple through the right breast. It is believed that in his wounded condition he must have had help in making the escape.

Why Is Sugar Sweet?

If sugar did not dissolve in the mouth you could not taste the sweet. GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The First and Original Tasteless Chill Tonic. The Standard for 30 years. 50c.

The ads will show you whether or not there's a chance today to buy that piece of furniture at your price.

VOTE OF PEOPLE IS FAVORED

(Continued From Page One.)

Owen, "that the Senate is conscious of the wide-spread public demand for the election fo Senators by direct vote of the people. I therefore submit evidence of action taken by the various States, showing that 36 of them have expressed themselves, in one form or another, favorably to the election of Senators by direct vote of the people.

"I believe," he declared, "that the will of the people is far more nearly right in the main than the will of any individual statesman, who is apt to be honored by them with a seat in the Senate; that the whole people are more apt to be safe and sane, more apt to be sound and honest then a single individual. At all events I feel not only willing but I really desire to make effective the will of the people of my State.

"Democratic and Republican States alike West of the Hudson river have acted favorably in this matter almost without exception. Only eight or nine States have failed to act, and I do not doubt that if the voice of the people of these States of New England, of New York, Maryland and Delaware could find convenient expression, free from machine politics, every one of them would favor the election of Senators by direct vote and would favor the right of the people to instruct their representatives in Congress and the Senate.

"Not only the States have acted almost unanimously in favor of this right of the people but all the great parties of the country, except the Republican party have done so, and that party would have declared for it except for the overwhelming influence and domination of machine politics in its management and the prevalence of so-called boss influence."

Senator Owen maintained that the great evil from which the American people have suffered in recent years has been the secret but well known alliance between commercial interests and machine politics, by which commercial interests have endeavored and often succeeded in obtaining legislation giving them special advantages in nation, States and municipalities, and obtained administrative and judicial immunity so that the laws have not been properly enforced against them.

"I have no desire," he continued, "to seek partisan advantage by pointing out the weaknesses of government under present methods. It will require the most vigorous efforts of the honest men of both parties to restore the government to a condition of integrity, where high purposes, honor and the common good exclusively shall rule."

ANNUAL BIBLE CONFERENCE.

Being Held This Week at Whiteville—Interesting Address.

(Special Star Correspondence.)

Whiteville, N. C., May 31.—The Second Annual Bible Conference in the Baptist Church opened here Sunday under the most favorable auspices. Dr. R. T. Vann, president of Meredith College, and one of the most well-known educators of the South, made the opening address, and it goes without saying that his sermon was up to his standard. The spacious building, its corridors and balconies were packed to hear this wonderful man speak. The pastor, Rev. Charles C. Smith, made a short, but interesting address on Sunday night. Monday evening Dr. M. A. Jenkins, pastor of the First Baptist Church of Athens, Ga., and who is so pleasantly remembered for his Bible teachings here last year, made his opening address, and Mr. Altha I Ruby, pastor's assistant to Dr. Jenkins, had charge of the music. This morning Dr. Jenkins made a half hour talk on "Teaching a Bible Book," after which Mr. Ruby gave a short talk on "Gospel Singing and Church Music." Rev. Mr. Oliver, of Florence made the address tonight.

HEARING IN MURDER CASE

Before Justice Baldwin at Whiteville Yesterday Morning—Attorneys.

(Special Star Correspondence.)

Whiteville, May 31.—The preliminary hearing in the Hughes murder case took place in the court house this morning at 10 o'clock before Justice of the Peace E. L. Baldwin. Appearing for the State was Donald MacRacken, Esq., while the defendant Hughes was represented by Lyon & Greer, and P. C. Hilburn and Lloyd Duncan, who were tried for being accessories before the fact, employed Messrs. Schulken & Lewis. Only two witnesses, I. G. Cribb and James Hickman were introduced by the State. After the testimony the State rested its case, and defendants Hilburn and Duncan, since no testimony was introduced to show that they aided or abetted the murder, but on the contrary that Hughes and Duncan were hostile to each other. The court dismissed them, and as the defendant Hughes did not offer any testimony, he was bound over to the September term of court. Both parties are very prominent in the southern part of this county, and no little interest has been manifested in the outcome of today's trial.

SOUTH CAROLINA SHOOTING.

Report Explains Cause of Trouble Between Soldiers and Negroes.

Washington, May 31.—Undue familiarity between the white soldiers of the 127th coast artillery at Fort Fremont, St. Helena Island, South Carolina, and the negroes, men and women, living in the neighborhood of the post, was the cause of the peppering with shot of half a dozen of the soldiers May 9th last. This is the substance of a report made to the adjutant general by one of the inspectors who made an investigation of the affair on the spot. "Blind tigers," and "bootleg whiskey" played the usual part in the affair. As a result several of the enlisted men are to be tried by court martial.

ROADS RESTRAINED TO STAY INCREASE

(Continued from Page 1.)

within the jurisdiction of the Western Trunk Line Committee.

It asserts the charges now to be imposed are the same for all the defendants and are so made by agreement.

The petition then goes on to show how the alleged rates are fixed by the Western Trunk Line Committee.

The complainant charges that the committee was organized and is maintained in violation of the provision of the act of Congress in 1890, and that it constitutes an unlawful combination and conspiracy in restraint of commerce and trade.

Charges are made that the unreasonable and excessive rates fixed without competition in conspiracy, apply to a vast number of commodities of prime utility and daily necessity.

"The unreasonable advances in freight charges apply to approximately 60 per cent. of the commodities carried, and will increase freight charges in amounts from ten to 20 per cent. of the rate in effect heretofore," it is charged.

The petition closes by saying that unless the unreasonable schedule of rates is restrained, it will become effective on June 1st, and the citizens of the United States, who ship commodities through the Western Trunk Line Commithtee territory, "will be compelled to pay arbitrary, unreasonable and excessive rates and will be deprived of the benefits that might be expected to flow from free competition between the lines of transportation and communication owned by the defendants."

It was announced tonight that the date for the hearing on the restraining order will be fixed at St. Louis tomorrow.

Free of legal verbage, the petition is to this effect:

"That the defendants at all times are common carriers of all kinds of inter-state freight, that the defendants are the owners and controllers of the respective lines of railroads, that each defendant is independent of the lines of railroad operated by the other defendants."

Generally speaking the lines are the only ones for the transportation of freight and passenger traffic from the States of Missouri, Iowa, Minnesota, Kansas, South Dakota, North Dakota, Wyoming and parts of Montana and Michigan, Wisconsin, Illinois, Indiana and Tennessee.

They furnish the only means of communication by railroads between the inhabitants of the States.

President Ripley Talks.

Chicago, May 31.—"They've got the pins against us," was the first comment of E. P. Ripley, president of the Atchison, Topeka and Santa Fe Railroad, today, when informed that the government would seek to enjoin the railroads of the Western Traffic Association from putting into effect the advance in rates scheduled for June 1st.

Mr. Ripley's subsequent remarks left no doubt that the railroads would fight the government.

"The shippers who have attended meetings to protest against the advance have no personal knowledge of the subject," he continued, "they have been deceived by the ring leaders, who have distorted the facts and have juggled with the figures. If they will take the trouble to ascertain the truth, the deception will become apparent.

"There is no chance for juggling with figures, or deception on the railroad side. Our gross earnings are increasing, but our net income is declining. Who, among the shippers, would view such a state of things in his own business with equanimity.

"But that is not the worst of it. Such results as are now obtained, poor as they are, arise from policies that are commulative in evil for the future, because the properties are not improved or kept up to the proper standard. If we are fortunate enough a few years hence to have full crops and active business and if the railroads are then unable to do what they are expected to do these same shippers will perhaps perceive that they ought to have seconded rather than opposed the efforts of the railroads for better conditions. Also we have recently increased wages to a large amount and this will further decrease net earnings.

"I am not especially alluding to Afchison conditions. But even the strongest among us, cannot stand under present conditions and the weaker will, of course, drop first."

SOUTH AFRICAN CABINET.

Formed by General Botha at Cape Town—The Union Parliament.

Cape Town, May 30.—The first cabinet of United South Africa has been formed by General Louis Botha, who has himself taken the portfolio of premier and minister of agriculture. The other members of the cabinet so far as selected are:

Gen. J. C. Smuts, minister of the interior, mines and defense; J. W. Sauer, minister of railways and harbors; Gen. J. B. M. Hertzog, minister of justice; F. S. Malan, minister of education; H. C. Hull, minister of finance.

United South Africa was formed recently by the federation of Cape Colony, Orange River Colony, Natal and Transvaal. Viscount Gladstone is the first governor general of the union, which will come into operation tomorrow. Gen. Louis Botha, the premier, was the premier of the Transvaal.

YOUR CHECK BOOK

will stand between you and trouble—will cause a complete record of expenses and payments to be preserved. Besides, there's "the bank habit" which naturally follows, and you know all successful people carry their funds and payments through a bank. We want your name on our books.

STAR BUSINESS LOCALS

Advertisements inserted under this head one cent per word for each insertion but no advertisement taken for less than 25c. Additional words, more than 25, one cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amount being too small to warrant a charge. The Star will send without charge, A. D. T. (Western Union) Messenger to any address in the city for advertisements in this department upon request by 'Phone to No. 51. A. D. T. Messenger will also call for telegrams for the Western Union Telegraph Co., or for notes or small packages to be delivered anywhere in the city. No charge for the telegrams but a small charge for strictly A. D. T. calls or telephone subscribers may at any time telephone their telegrams, bills rendered to suit the sender, daily, weekly or monthly. For this service call Western Union, 'Phone No. 2. But for advertisements always call the Star office No. 51. Copy for Business Locals cannot be taken over the telephone but upon request Messenger will be dispatched to any part of the city for them.

JEWELER

104 North Front Street.

Ralph Waldo Emerson said:

"If a man can write a better book, preach a better sermon, build a better mouse trap than his neighbor, though he build his house in the woods, the world will make a beaten path to his door."

That accounts for the fact that since we have been handling the

E. M. F. "30"

and

Flanders "20"

interested buyers of motor cars have made a beaten path to our door.

Ask for a demonstration.

DAVID'S

You dont believe all the fish stories you hear; "the one that got away" is always the big one; but it is seldom as big a "whopper" as the story he tells about it.

You don't believe all the clothes stories you hear, either; some of them are like the fisherman's tale; there's no way to prove it. Now, we've got a good clothes story to tell you; it's about

Hart Schaffner & Marx Clothes

and we've got the goods to prove what we say about them. Hart Schaffner & Marx clothes are better than any description of them; they're all-wool, which means a lot more than those words convey. They're correct in every detail of style and tailoring; they give a man a correct fit, and make him look and feel well-dressed.

That's why we sell them; and that's why you ought to buy them.

Blum & Kochs' Straw Hats.

This store is the home of Hart Schaffner & Marx clothes and other good things to wear for Men and Boys.

The A. David Company

Tailors and Clothiers.

New Books.

The following is a list of the "best sellers" among the recent publications:

"A Splendid Hazard," by Howard MacGrath.
